Councilmember

CITY MANAGER
Daniel Singer

Goleta, CA – The City of Goleta will be holding a public hearing on Thursday, September 20 at 6:00 p.m. for the Planning Commission to receive a report on the proposed Green Building Program. Staff and the City’s consultant from Global Green USA will present information on the steps taken to date to craft a program based on input received from the City’s advisory group, known as the Green Ribbon Committee, and feedback received at two joint City Council / Planning Commission workshops held in March and June 2012.

“We’ve finalized the Green Building Program approach to focus on voluntary aspects of the program for most projects. We look forward to presenting the proposed program at this Planning Commission meeting for a recommendation to the City Council in October,” said Pat Saley, Acting Planning and Environmental Services Director.

The agenda and staff report for the meeting will be available on the City’s website at www.cityofgoleta.org and the meeting will be broadcast on Channel 19 and available for streaming through the City’s website.

For questions, please contact Valerie Kushnerov, Public Information Officer, at (805) 961-7507 or vkushnerov@cityofgoleta.org.
