**City to Hold Workshop on Green Building Program**  
***City Council, Planning Commission to Hear Overview***

**Goleta, CA** – The City of Goleta will be holding a workshop on **Thursday, June 28 at 6:00 p.m.** for the City Council and Planning Commission to receive a report on the progress of developing a Green Building Program. Staff and the City’s consultant from Global Green USA will present information on the steps taken to date to craft a program and provide a summary of the input received from the City’s advisory group, known as the Green Ribbon Committee.

“Based on the feedback we received at the March workshop, we’ve revised the approach to focus on voluntary aspects of the program for most projects,” said Pat Saley, Acting Planning and Environmental Services Director. “We look forward to presenting the revised approach at this joint workshop and implementing the program as soon as possible for the benefit of the community.”

The agenda and staff report for the meeting are available on the City’s website at [www.cityofgoleta.org](http://www.cityofgoleta.org). The meeting will be broadcast on Channel 19 and available for streaming through the City’s website.

For questions, please contact Valerie Kushnerov, Public Information Officer, at (805) 961-7507 or vkushnerov@cityofgoleta.org.
