CITY MANAGER

Michelle Greene

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Goleta (City) for the fiscal year ended June 30, 2016. The report was prepared by the City's Finance Department in conformance with the principles and standards for financial reporting set forth by the Governmental Accounting Standards Board (GASB), the authoritative body establishing U.S. generally accepted accounting principles for local governments and was audited in accordance with generally accepted auditing standards by an independent public accounting firm of licensed certified public accountants.

This report contains management representations concerning the finances of the City, and management assumes full responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. To provide a reasonable basis for making these representations, City management has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not exceed anticipated benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements are free from material misstatement. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the City. All disclosures necessary have been included to enable an understanding of the City's financial activities.

This CAFR includes the financial activity for all funds of the City. The City provides its citizens a wide range of services including law enforcement, planning, building, public works, engineering, maintenance, and general management.

In addition to the fund-by-fund financial information presented in the City's financial statements are government-wide financial statements. The government-wide financial statements include a Statement of Net Assets that provides the total net equity of the City including infrastructure and the Statement of Activities that illustrates the cost of providing government services. These statements have been prepared using the accrual basis of accounting versus the modified accrual method used in the fund financial statements. A reconciliation report is provided as a key to understanding the changes between the two reporting methods. In addition, this reporting model includes an emphasis on the City's major funds as

shown in the Governmental Fund Statements.

These statements, combined with other information, are further analyzed in a narrative section entitled Management's Discussion and Analysis (MD&A). The MD&A provides financial highlights and interprets the financial reports by analyzing trends and explaining changes, fluctuations and variances in the financial data. In addition, the MD&A is intended to disclose any known significant events or decisions that affect the financial condition of the City. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

GOVERNMENT PROFILE

The City of Goleta incorporated on February 1, 2002 as a General Law City under the laws of the State of California. The City of Goleta encompasses approximately 8 square miles in southern Santa Barbara County and has a population of approximately 30,525. The City is adjacent to the City of Santa Barbara and is approximately 90 miles from Los Angeles.

The City operates under the Council-Manager form of government. The City Council is comprised of five members elected at large for staggered four year terms of office. The Mayor and Mayor Pro Tempore are selected by the Council from among its members to serve one-year terms. The City Council serves as the legislative and policy-making body of the City, enacting all laws and directing such actions as are required to provide for the general welfare of the community. The City provides municipal services through contracts for such things as street, park, and landscape maintenance. The City of Goleta also contracts with the Santa Barbara County Sheriff's Department for law enforcement services. Fire protection services are provided by Santa Barbara County Fire Department. There are 477 acres of parks and open space within City limits. The City owns the Goleta Public Library, and as of June 30, 2016 contracted with the City of Santa Barbara for library services. The City Council has directed that staff begin the process of assuming responsibility for library management and operations beginning in fiscal year 2017/18.

The City Manager, appointed by the City Council, serves as the Chief Executive Officer and is responsible to the City Council for administration of all City affairs and the implementation of all policies established by the City Council. The City Attorney is appointed by and serves the City Council. All other staff are appointed by the City Manager.

ECONOMIC CONDITION AND OUTLOOK

The City of Goleta is comprised of single-family homes, condominiums and apartments with a mixture of retail, light industrial, manufacturing, and service entities providing a diverse tax base for the City. Property Tax, Sales Tax, Transient Occupancy Tax (TOT), and Franchise Fees comprise approximately 89% of the City's General Fund revenues.

The City of Goleta and the immediate surrounding cities are key factors in the overall economic activity of the entire South Coast. The City and its immediate vicinity provide a significant share of the South Coast and County's basic economic activity in the form of educational services, intellectual services, tourism, retail and manufacturing. The City enjoys a strong economic base resulting in stable Property Tax revenue, growing Transient Occupancy and Sales Tax revenues, as well as significant Development related revenues.

In FY 2015/16, the City's General Fund revenues exceeded expenditures by \$3,783,862. Excluding Capital projects, General Fund "operating" revenues exceeded expenditures by

\$3,991,429. The excess revenues over expenditures were primarily the result of significant savings in several department program areas for projects that will be extended into FY 2016/17.

As part of the incorporation process, the City of Goleta and the County of Santa Barbara entered into a Revenue Neutrality Agreement (RNA). This agreement requires that 50% of the City's portion of Property Tax and 30% of the City's portion of retail Sales Tax be allocated to the County in perpetuity. The County also received for the mitigation period of ten years, which expired in June 2012, an additional 20% of the City's portion of retail Sales Tax and 40% of the TOT generated by TOT taxpayers, staying in facilities that were in existence at City incorporation. Taken as a whole, the City generated approximately \$5.4 million in revenues that were paid to the County of Santa Barbara in FY 2015/16 in accordance with the RNA.

MAJOR INITIATIVES

Management:

The City continues to maintain a strong and effective workforce of approximately 64 full-time equivalent positions. The City Manager has taken the lead in evaluating all departmental organizations to assist in determining organizational effectiveness and efficiency in an effort to meet the growing demands of the community and development related activities. Positions have been added to help support the Capital Improvement Program activity, the Public Works Maintenance division, Human Resources, Parking Enforcement, Code Enforcement services, and recreation program creation and management.

Economic Development

The City has joined forces with the Goleta Valley Chamber of Commerce (Chamber) and the University of California, Santa Barbara (UCSB), to support new business ventures coming primarily out of UCSB and seeking to succeed in Goleta. The City, in partnership with UCSB and the Chamber, established the Goleta Entrepreneurial Magnet (GEM) in an effort to support start-up companies and strengthen the local economy through supporting new and growing science and technology entrepreneurs. The shared office environment, networking events and workshops, office amenities, and advisors provide a center for entrepreneurial growth.

Furthermore, the City Council adopted an Economic Development Strategic Plan which focuses on economic conditions and future programs that might enhance Goleta's economic environment.

Capital Improvement Plans

The City is currently underway with numerous significant Capital Improvement Projects. The Capital Improvement Program (CIP) Budget totaled \$30,846,133 in FY 2015/16.

In FY 2015/16 the City completed the San Jose Creek Capacity Improvement and Fish Passage Project and issued a notice of completion in October 2015. The City currently has eight projects in final design by the end of fiscal year which consisted of the 1) Ekwill Street/Fowler Road Extension Project, 2) Hollister Ave Bridge Replacement Project, 3) Hollister Class 1 Bike Lane Project, 4) Goleta Valley Community Center (GVCC) Path Lighting Project, 5) Hollister Avenue at GVCC Crosswalk Improvements, 6) Hollister Avenue at Orange Avenue Crosswalk Improvements, 7) Hollister/Kellogg Park Project, and 8) Ward Drive 2 Bike Lane Project. The City was also awarded numerous grants in FY 2015/16 totaling \$3,218,018. Those grants will help fund the following CIP Projects listed in the table on the next page:

Grant Name	Project Name	Award Amount
Public Safety Funding	School Zone Crosswalk	\$70,000
Public Safety Funding	Hollister Ave Old Town Super Sharrows	\$20,000
HSIP Cycle 7	HAWK at Calle Real and Kingston and RRFB at Hollister and Chapel	\$237,780
ATP Cycle 2	Old Town Sidewalk Infill	\$2,224,000
Measure A Grants Cycle 3	Bicycle/Pedestrian Master Plan	\$73,350
Measure A Grants Cycle 3	Mid-Block Crosswalk HAWK Signal (Refuge Median)	\$180,000
Measure A Grants Cycle 3	Fairview Ave Sidewalk Infill & Bike Lane	\$96,000
Measure A Grants Cycle 3	RRFB Improvements @ School	\$316,888
Total Grants Awarded in FY 2015/16		\$3,218,018

In addition, the City continues to place a high importance on the maintenance of the City's infrastructure, committing funds to road maintenance, sidewalk improvements and streetscapes and setting aside funds for a future permanent City Hall. Furthermore, the City plans on spending approximately \$3 million for pavement rehabilitation in the upcoming new fiscal year. No pavement rehabilitation projects were conducted in FY 2015/16, as staff wanted to put forward a new pavement rehabilitation program to address the decreases in state funding and rising costs for road maintenance. Two contracts will be issued later this calendar year for pavement rehabilitation. One will be for an overlay on Calle Real west of Fairview Avenue, and followed by a larger rehabilitation project that will include a base bid list of roads and a number of alternate add-ons throughout the City.

Strategic Plan:

In the spring of 2015, the City Council undertook a revision to its Strategic Plan (Plan), essentially adding objectives to the goals which focus on identifying department work efforts. The revised Plan is also linked to departmental performance measures which for the first time can assist in tracking the City Council's priorities by department. Performance measures have been and will continue to be tracked and presented annually in the budget document. The Plan will then be revisited and updated for the upcoming two-year budget cycle FY 2017/18 and 2018/19.

Internal Controls:

The management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft, or other misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the costs of a control should not exceed the benefits likely to be achieved, and the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of State, County, and Federal financial resources, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control structure is subject to periodic evaluation by management of the City.

Budgetary Controls:

In addition to internal controls, the City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund, Special Revenue Funds and all other governmental funds are included in the annual appropriated budget.

The two-year budget is arranged by department, function and fund, which is presented to the Council by the City Manager. The budget is then adopted by the City Council prior to the beginning of the first fiscal year and serves as the foundation for the City's financial planning and control. The budget is reviewed quarterly and necessary adjustments are made to ensure that expenditures are not outpacing anticipated revenues.

Annual Audit:

White Nelson Diehl Evans LLP has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ending June 30, 2016 are free of material misstatement. As part of the City's annual audit, reviews are made to determine the adequacy of the internal control structure, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's annual audit for the fiscal year ending June 30, 2016 provided no instances of material weaknesses in the internal control structure or violations of applicable laws and regulations. The independent auditor concluded there was a basis for rendering an unmodified opinion and that the City's financial statements are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

OTHER INFORMATION

Spending Limitation

Article XIII B of the California Constitution, also known as the Gann spending limit, restricts the amount of "proceeds of taxes" California governments may spend. As of June 30, 2016, the City had not reached its Article XIII B spending limitation.

AWARDS

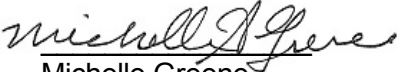

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR fiscal year ended June 30, 2015. This was the 13th consecutive year the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. The report satisfied both generally accepted accounting principles and applicable legal requirements.

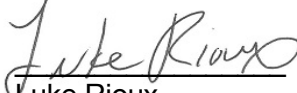

The Certificate of Achievement from the GFOA is valid for a period of one year. Staff believes that the current CAFR continues to meet the Certificate of Achievement requirements and staff will be submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

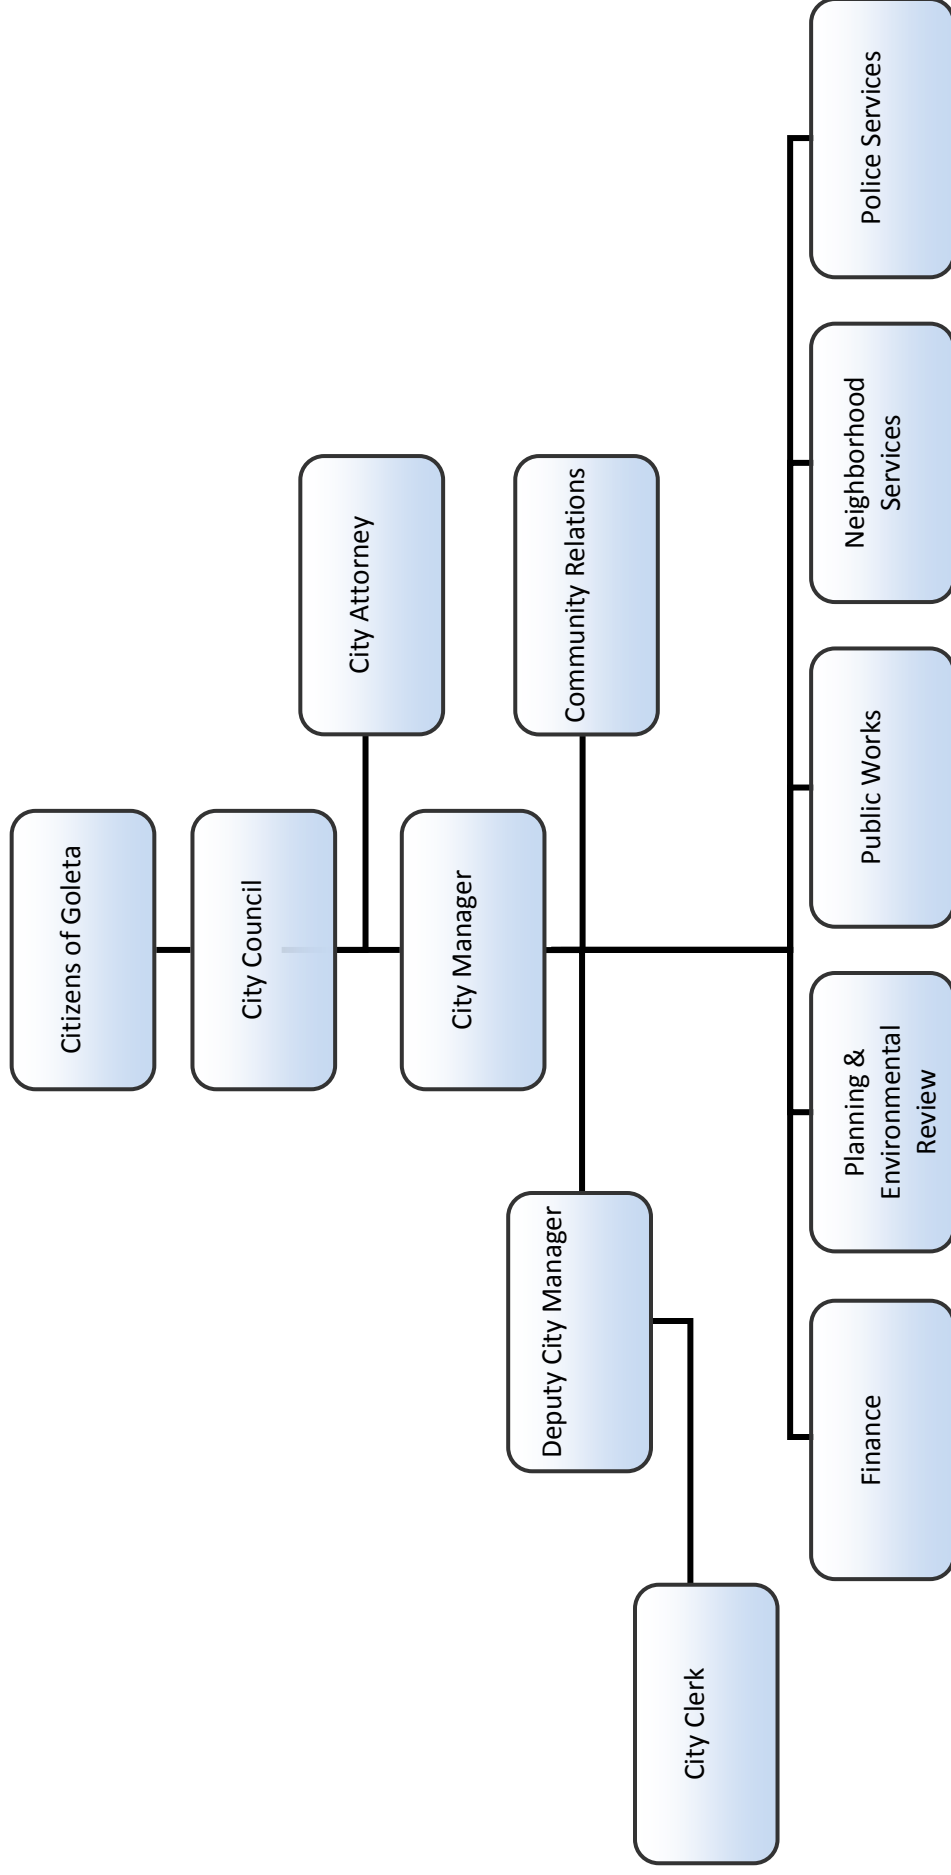

The preparation of this CAFR could not have been accomplished without the hard work and team effort of the Finance Department. We also wish to express appreciation to the other City departments that provided assistance.

Respectfully submitted,

Michelle Greene

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council
of the City of Goleta
Goleta, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Goleta (the City) as of and for the year ended June 30, 2016, and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Goleta as of June 30, 2016, and the respective changes in financial position of the City for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of proportionate share of the net pension liability, the schedule of contributions - defined benefit pension plans, the schedule of funding progress - other post-employment benefits plan, and the budgetary comparison schedules, identified as Required Supplementary Information (RSI) in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the RSI because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis Fiscal Year Ended June 30, 2016

The information in this section is not covered by the Independent Auditor's Report, but is presented as required supplementary information for the benefit of the readers of the Comprehensive Annual Financial Report (CAFR).

This discussion and analysis of the City of Goleta's financial performance provides an overview of the City's financial activities for the year ended June 30, 2016. The City welcomes everyone to read the information in this document in conjunction with the accompanying transmittal letter found on pages i - v, and the accompanying basic financial statements found on pages 15 - 26 of this report.

FINANCIAL HIGHLIGHTS

- At the end of fiscal year 2016, the City's net position totaled \$224,901,911, an increase of approximately 6% from the prior year. The increase in net position is primarily due to revenues exceeding programmed expenses related to capital improvement projects that will be carried over into the next fiscal year.
- Of the total net position, approximately \$15 million is unrestricted and thus may be used to meet the City's ongoing obligations.
- As of June 30, 2016, the City's total revenues exceeded expenses by \$11,986,784 primarily due to general revenues exceeding the programmatic funding needs and significant savings in several department program areas that will be extended into next fiscal year.
- The City's total revenue equaled \$39,779,107, an increase of \$347,063 or approximately 1% over the \$39,432,044 from last year.
- The General Fund reported excess revenues over expenditures of \$3,783,862 with expenditures of \$207,567 being for capital projects. This was primarily the result of significant savings in several department program areas for projects that will be extended into next fiscal year.
- The General Fund had an ending fund balance of \$17,804,928, an increase of \$3,815,142 from the \$13,989,786 fund balance last year. There is a balance of \$12,410,719 committed to meet the City's Reserve policies or reserved for encumbrances, which decreased \$335,302 from the \$12,746,021 balance from last year. The CIP Project Funding reserve accounts for \$1,324,232 of the \$3,985,059 assigned fund balance. There is also \$977,903 assigned to continuing appropriations, \$1,349,424 assigned to street maintenance and \$333,500 assigned to other postemployment benefits, and \$1,326,160 of unassigned reserves.

USING THIS ANNUAL FINANCIAL REPORT

This annual report contains the City's Basic Financial Statements, which includes three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The government-wide financial statements consist of the Statement of Net Position and the Statement of Activities that provide information about the activities of the City as a whole and allow a longer-term view of the City's finances. The Fund Financial Statements illustrate how City services are financed in the short-term as well as what remains for future spending. They also report the City's operations in more detail than the Government-Wide Financial Statements by providing information about the City's most significant funds. The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Reporting the City as a Whole: The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the City's finances is, "Is the City as a whole better or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps to answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position, the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources, is one way to measure the City's financial health or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Consideration should also be given to other non-financial factors, such as changes in the City's property tax bases and the condition of the City's roads, to assess the overall health of the City.

All of the City's basic services are considered to be governmental activities. The Statement of Net Position and the Statement of Activities present information about these Governmental activities, including General Government, Community Development, Community Services (Planning and Environmental Review and Neighborhood Services), Public Safety, and Public Works. Property Tax, Sales Tax, Transient Occupancy Tax and Franchise Tax finance approximately 78% of these activities.

Reporting the City's Most Significant Funds: Fund Financial Statements

The Fund Financial Statements provide detailed information about the most significant funds, not the City as a whole. Included are the General Fund, Goleta Transportation Improvement Program (GTIP), Park Development Impact Fees (Park DIF), Federal Transportation Program (FTP), as well as lesser funds reported collectively as Other Governmental Funds. Some funds are required to be established by State law, however, the City establishes many other funds to help it control and manage money for specified purposes or to demonstrate that the City is meeting legal responsibilities for using certain taxes, grants, and other money. The City currently has just one type of fund, governmental, which uses the following accounting approach.

Governmental Funds focus on how money flows into and out of those funds and the balances left at year-end that are available for future appropriation. Most of the City's basic services are reported in governmental funds. These funds are reported using an accounting method known as modified accrual accounting. Under this method of accounting, revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current fiscal period while expenditures are recognized in the accounting period in which the liability is incurred.

The Governmental Fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or less financial resources that can be spent in the near future to finance the City's programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and Statement of Activities) and Governmental Funds are described in the reconciliation schedules accompanying the Fund Financial Statements.

The City as Trustee: Reporting the City's Fiduciary Responsibilities

The City is the trustee, or fiduciary, for certain amounts held on behalf of the Successor Agency to the Goleta Redevelopment Agency, developers, property owners, and others. The City's fiduciary activities are reported in separate Fiduciary Fund Statements. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose.

THE CITY AS A WHOLE

Summary of Net Position and Changes in Net Position

The analysis focuses on the net position (See Table 1) and changes in net position (Table 2) of the City's governmental activities. The City does not have any business type activities.

Table 1
Summary of Net Position
As of June 30, 2016 and 2015

	Governmental Activities	
	2016	2015
Assets		
Current and other assets	\$ 49,268,939	\$ 41,872,084
Capital Assets	181,519,215	183,863,622
Total Assets	230,788,154	225,735,706
Deferred outflow - pension contributions	1,154,672	591,598
Other Liabilities	3,740,560	10,208,780
Long Term Liabilities:		
Net pension liability	1,590,804	1,609,229
Due in one year	143,753	129,670
Due in more than one year	1,087,503	944,866
Total Liabilities	6,562,620	12,892,545
Deferred inflows from pension	478,295	519,632
Net Position:		
Invested in Capital Assets, net of accumulated		
Depreciation and related debt	181,519,215	183,863,622
Restricted	28,429,446	17,955,771
Unrestricted	14,953,250	11,095,734
Total Net Position	\$ 224,901,911	\$ 212,915,127

As shown in Table 1, at June 30, 2016 the City's net position totaled \$224,901,911, an increase of \$11,986,784 or approximately 6%. The increase is primarily due to increases in current and other assets and decreases in liabilities.

Current and other assets increased \$7,396,855, or approximately 18% for the current year. This increase is primarily due to development impact fee (DIF) revenues received this current fiscal year, mostly related to Goleta Transportation Improvement Program and Park DIF.

Total liabilities experienced a significant decrease of \$6,329,925, or approximately 49%, mostly due to paying off expenditures related to Capital Improvement Projects that were held in retention or accrued.

Capital assets totaled \$292,424,425 at year-end before accumulated depreciation of \$110,905,210, resulting in capital assets net of depreciation of \$181,519,215, a decrease of approximately 1% over last year. The decrease is primarily due to reclassifying construction in progress to infrastructure for the completion of the San Jose Creek Project, and increased amounts in accumulated depreciation.

<u>Asset Type</u>		
Land	\$	28,744,747
Building and improvements		2,516,227
Furniture and equipment		951,937
Vehicles		660,624
Infrastructure and right of way		244,980,400
Construction in progress		14,570,490
Total capital assets		<u>292,424,425</u>
Less depreciation		110,905,210
Capital Assets net of Depreciation	\$	<u><u>181,519,215</u></u>

Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints established by legal requirements are \$14,953,250. This represents a \$3,857,516 or approximately 35% increase from prior year.

**Fiscal Year 2016 Governmental Activities
(See Table 2)**

Table 2
Changes in Net Position
Year Ended June 30, 2016 and 2015

	Governmental Activities	
	2016	2015
Revenues		
Program Revenues:		
Charges for services	\$ 3,621,829	\$ 3,169,401
Operating contributions and grants	2,232,050	2,448,258
Capital contributions and grants	11,720,354	12,431,500
General Revenues		
Taxes:		
Sales taxes	6,216,442	6,329,870
Property taxes levied for general purposes	5,719,552	5,266,101
Transient occupancy tax	8,175,456	7,807,830
Franchise taxes	1,241,017	1,272,418
Other taxes	292,277	274,256
Investment Income	126,310	90,723
Other	433,820	341,687
Total Revenues	39,779,107	39,432,044
Expenses		
General Government	6,422,673	5,563,514
Public Safety	7,611,834	7,598,735
Public Works	9,350,254	8,784,684
Community Development	44,509	297,547
Community Services	4,363,053	4,270,831
Total Expenses	27,792,323	26,515,311
Change in Net Position	\$ 11,986,784	\$ 12,916,733
Ending Net Position	\$ 224,901,911	\$ 212,915,127

The City's total revenues were \$39,779,107 while the total cost of all programs and services was \$27,792,323. Transient Occupancy Tax (TOT) of \$8,175,456 is the City's largest revenue source at approximately 21%, while Sales Taxes of \$6,216,442 is the City's second largest revenue source at approximately 16%. Property Tax of \$5,719,552 is the City's third largest revenue source at approximately 14%. These revenues fund a significant portion of the City's basic services.

Government Activities

Table 3 presents the cost of each of the City’s programs, General Government, Public Safety, Public Works, Community Development, Community Services as well as each program’s net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City’s taxpayers by each of these functions.

**Table 3
Net Cost of Governmental Activities
Year Ended June 30, 2016**

	Total Cost of Services	Net Cost of Services
General Government	\$ 6,422,673	\$ (6,389,799)
Public Safety	7,611,834	(7,097,390)
Public Works	9,350,254	4,973,390
Community Development	44,509	2,484,930
Community Services	4,363,053	(4,189,221)
Totals	\$ 27,792,323	\$ (10,218,090)

- General Government expenses comprise approximately 23% of the governmental expenses and include City Council, City Manager, City Clerk, City Attorney, Public Outreach, Support Services, Finance and Risk Management. Charges for services and other fees partially offset the cost of this program.
- Public Safety expenses comprise approximately 27% of the governmental expenses. Revenue from fines and capital grants partially offset the cost of this program.
- Public Works expenses comprise approximately 34% of the governmental expenses. Revenues from charges for services, operating and capital contributions and grants offset the cost of this program.
- Community Services expenses comprise approximately 16% of the governmental expenses. Related fees and charges for services partially offset the cost of this program.

FINANCIAL ANALYSIS OF THE CITY’S FUNDS

At fiscal year-end the City’s Governmental Funds reported a combined fund balance of \$45,504,451, an increase of \$13,889,015 over prior year. The General Fund increased \$3,815,142. The GTIP Fund also experienced an increase of \$5,334,475 as a result of considerable transportation projects. The Park DIF Fund Balance also increased by \$2,728,965 due to developer activity and Federal Transportation Program Fund Balance decreased by \$414,232 due to accrued expenditures related to Los Carneros Bridge Overhead Project. The total of Other Governmental Funds increased by \$2,424,665 from \$11,100,508 last year to \$13,525,173 this year.

General Fund Budgetary Highlights

Revenues: Actual revenues of \$24,592,798 received exceeded the Final Budget by \$131,286 primarily as a result of higher than projected revenues from taxes and charges for services. The Original Budget for General Fund revenues of \$23,478,200 was increased by \$983,312 to \$24,461,512 as part of the City's quarterly budget reviews throughout the year.

Expenditures: Actual expenditures were less than final budgeted amounts in all areas, with a positive variance of \$3,994,164. Less than anticipated expenditures were recognized by all departments, General Government, Public Safety, Public Works and Community Services. Also less than anticipated expenditures were recognized for Capital Outlay, which will result in carryovers of projects into next fiscal year.

Appropriations: Variances between the Original and the Final budgets are primarily due to the inclusion of continuing appropriations for special projects from the prior year, as well as new allocations made by the City Council during the year.

Ending Fund Balance: The General Fund Ending Balance was \$17,804,928 as of June 30, 2016. This amount was higher than the final budget projection by \$4,121,730 as a result of the revenue and expenditure activity noted above.

Fund Balance:	
Nonspendable	
Prepaid Items	\$ 80,990
Deposits	2,000
Committed	12,410,719
Assigned	3,985,059
Unassigned	1,326,160
	<hr/>
Total Fund Balance	<u><u>\$ 17,804,928</u></u>

The Council has established fiscal policies for funding Compensated Absences, Risk Management, Equipment Acquisition and Replacement, Building Maintenance, Street Maintenance, and Litigation Defense reserves. These fiscal policies also specify that a minimum of 33% of total budgeted ongoing operating would be maintained as a Contingency Reserve. Based upon final budgeted General Fund expenditures and transfers, the Contingency Reserve is \$8,141,182. Additionally, the City Manager has approved the Continuing Designation of unexpended funds of \$977,903 assigned for special projects into the next fiscal year. Per Council direction, all remaining fund balance is to be placed in the Unassigned Reserve.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Capital assets include public domain (infrastructure) general fixed assets consisting of certain improvements including roads, streets, sidewalks, medians, and storm drains. The City has valued these assets at \$292,424,425 at the end of fiscal year 2016. After accumulated depreciation, the net book value of these infrastructure improvements totals \$181,519,215. (See Table 4 on next page)

Additional information on the City of Goleta's capital assets can be found in Notes 1f and 5 to the financial statements.

Table 4
Capital Assets at Year-End
(Net of Depreciation)

Governmental Activities	
Land	\$ 28,744,747
Buildings and improvements	2,516,227

Claims and Judgements Payable	682,301
Compensated Absences	377,615
Total	\$ 2,822,060

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The City’s primary resources (Sales Tax, Property Tax, Transient Occupancy Tax “TOT” and Franchise Fees) are all potentially affected by fluctuations in the economy. Because the top four revenue sources in the General Fund provide funding for approximately 89% of City operations, management closely and regularly monitors these tax revenues for any trends that could negatively impact the City’s financial condition. The current fiscal year 2016/17 economic indicators point to a continued regional recovery, which shows an upward trajectory in the largest tax revenue TOT and relatively smaller increases in Sales Tax and Property Tax revenues published in the Quarter 1 Financial Report on November 14, 2016. The City Council continues to place strong emphasis on prudent finance management and multi-year financial planning, with quarterly review and analysis of its cash flows to ensure the long term fiscal sustainability of the City of Goleta community and preservation of the organization as a going concern.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT STAFF

This financial report is designed to provide Goleta citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the City of Goleta Finance Department, 130 Cremona Dr. Suite B, Goleta, California 93117 or by calling (805) 961-7500.

GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is the general operating fund of the City. The General Fund accounts for activities and services traditionally associated with governments such as police, which are financed primarily through tax-generated revenues and are not accounted for and reported in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects. The following funds have been classified as major funds:

GTIP - This fund is used to account for traffic development impact fees.

Park Development Impact Fees (DIF) - This fund is used to account for park development impact fees.

Federal Transportation Program - This fund is used to account for federal grant funds for transportation projects.

OTHER GOVERNMENTAL FUNDS

Other Governmental Funds - These funds constitute all other governmental funds that do not meet the GASB Statement No. 34 major fund test of assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenditures for the governmental funds. These funds consist of other Special Revenue Funds of the City for the year ended June 30, 2016.

CITY OF GOLETA

RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION

June 30, 2016

Fund balances - total governmental funds		\$ 45,504,451
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet:		
Capital assets	\$ 292,424,425	
Accumulated depreciation	<u>(110,905,210)</u>	181,519,215
Long-term liabilities applicable to the City governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term liabilities is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the Statement of Net Position. Balances as of June 30, 2016 are:		
OPEB liability	(171,340)	
Claims payable	(682,301)	
Compensated absences	<u>(377,615)</u>	(1,231,256)
Net pension liability applicable to the City governmental activities is not due and payable in the current period and accordingly is not reported as a fund liability. Additionally, related deferred inflows and outflows of resources are not reported in the fund statements. Balances as of June 30, 2016 are as follows:		
Deferred outflow - pension contributions	1,154,672	
Deferred inflow from pension	(478,295)	
Net pension liability	<u>(1,590,804)</u>	(914,427)
Long-term assets are not available to pay for current period expenditures and, therefore, are shown as unavailable revenue in the fund financial statements:		
Long-term receivables - grants		<u>23,928</u>
Net position of governmental activities		<u><u>\$ 224,901,911</u></u>

See accompanying notes to basic financial statements.

CITY OF GOLETA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

For the year ended June 30, 2016

Net change in fund balances - total governmental funds		\$ 13,889,015
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense. This is the amount by which capital expense exceeded depreciation in the current period.		
Capital outlays	\$ 2,846,522	
Depreciation expense	<u>(5,190,929)</u>	(2,344,407)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in OPEB liability	(57,655)	
Change in claims payable	(57,301)	
Change in compensated absences payable	<u>(41,764)</u>	(156,720)
Pension expense reported in the governmental funds includes the annual required contributions. In the Statement of Activities, pension expense includes the change in the net pension liability and related change in pension amounts for deferred outflows of resources and deferred inflows of resources		
		622,836
Some revenues reported in the Statement of Activities are not considered to be available to finance current expenditures and therefore are not reported as revenues in the governmental funds.		
Grant revenues		<u>(23,940)</u>
Change in net position of governmental activities		<u>\$ 11,986,784</u>

See accompanying notes to basic financial statements.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the City of Goleta conform to generally accepted accounting principles as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

a. Reporting Entity:

The City of Goleta (the City) was incorporated February 1, 2002, under the general laws of the State of California. The City operates under the City Council Manager form of government.

The City provides the following services as authorized by its general laws: public safety, public works, community development, and general administrative services.

b. Basis of Accounting, Measurement Focus, and Financial Statement Presentation:

Government-Wide Financial Statements:

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include a single column for the governmental activities of the primary government. The City has no business-type activities and no discretely presented component units. Eliminations have been made in the statement of activities so that certain allocated expenses are recorded only once (by the function to which they were allocated). However, general government expenses have not been allocated as indirect expenses to the various functions of the City. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported instead as *general revenues*.

Government-wide financial statements are presented using the *economic resources measurement focus* and the accrual basis of accounting. Under the economic resources measurement focus, all (both current and long term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

b. Basis of Accounting, Measurement Focus, and Financial Statement Presentation (Continued):

Government-Wide Financial Statements (Continued):

Program revenues include charges for services, special assessments, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than an expenditure.

Fund Financial Statements:

The underlying accounting system of the City is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures. Governmental resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which activities are controlled.

Fund financial statements for the primary government's governmental funds and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and other governmental funds in the aggregate for governmental funds. Fiduciary information includes financial information for the private-purpose trust fund and the agency fund. Fiduciary funds of the City represent assets held by the City in a custodial capacity for other individuals or organizations.

Governmental Funds:

In the fund financial statements, governmental funds are presented using the *modified-accrual basis of accounting*. The revenues are recognized when they become *measurable* and *available* as net current assets. *Measurable* means that the amounts can be estimated or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period. The City uses an availability period of 60 days except for grants, for which the City uses an availability period of 120 days.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

b. Basis of Accounting, Measurement Focus, and Financial Statement Presentation (Continued):

Governmental Funds (Continued):

Sales taxes, property taxes, franchise taxes, gas taxes, motor vehicle in lieu, transient occupancy taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period to the extent normally collected within the availability period. Other revenue items are considered to be measurable and available when cash is received by the government.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental funds in the fund financial statements. *Exchange transactions* are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed nonexchange transactions* are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary nonexchange transactions* are recognized as revenues when all applicable eligibility requirements have been met. Revenues, expenditures, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, which requires that local governments defer grant revenue that is not received within their availability period of 120 days after the fiscal year ends to meet the “available” criteria of revenue recognition.

In the fund financial statements, governmental funds are presented using the *current financial resources measurement focus*. This means that only current assets, current liabilities and deferred inflow of resources are generally included on the balance sheets. The reported fund balance (net current assets) is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

b. Basis of Accounting, Measurement Focus, and Financial Statement Presentation (Continued):

Governmental Funds (Continued):

Recognition of governmental fund type revenue represented by noncurrent receivables are deferred and are shown as unavailable revenues until they become current receivables.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as *expenditures* in the year that resources were expended rather than as fund assets. The proceeds of long-term debt are recorded as *another financing source* rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

c. Fund Classifications:

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. The General Fund accounts for activities and services traditionally associated with governments such as police, which are financed primarily through tax-generated revenues and are not accounted for and reported in another fund.

The GTIP Special Revenue Fund is used to account for traffic development impact fees.

The Park Development Impact Fees (DIF) Special Revenue Fund is used to account for park development impact fees.

The Federal Transportation Program Special Revenue Fund is used to account for federal grant funds for transportation projects.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

c. Fund Classifications (Continued):

Additionally, the City reports the following fund types:

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects.

Private Purpose Trust Fund - This fund accounts for the activities of the Successor Agency to the Goleta Redevelopment Agency. The fund's primary purpose is to expedite the dissolution of the former Agency's net position in accordance with ABx1 26, AB 1484, and SB 107. The Private-Purpose Trust Fund is omitted from the government-wide financial statements.

Agency Fund - The City established the Developer Deposits Fund as a fund to account for deposits advanced to the City to fund development-related services provided by the City's Planning and Environmental Review Department. Since monies in this fund are considered liabilities until expended, the Agency Fund is omitted from the government-wide financial statements.

d. New Accounting Pronouncements:

Current Year Standards:

In fiscal year 2015-2016, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 72, "*Fair Value Measurement and Application*". GASB Statement No. 72 requires the City to use valuation techniques, which are appropriate under the circumstances and are either a market approach, a cost approach or income approach. GASB Statement No. 72 establishes a hierarchy of inputs used to measure fair value consisting of three levels. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. GASB Statement No. 72 also contains note disclosure requirements regarding the hierarchy of valuation inputs and valuation techniques that were used for the fair value measurements. There was no material impact on the City's financial statements as a result of the implementation of GASB Statement No. 72.

GASB Statement No. 73, "*Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*", was required to be implemented in the current fiscal year, except for those provisions that address employer and governmental nonemployer contributing entities for pensions that are not within the scope of Statement No. 68, and is effective for periods beginning after June 15, 2016, and did not impact the City.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

d. New Accounting Pronouncements (Continued):

Current Year Standards (Continued):

GASB Statement No. 76, *“The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments”*, was required to be implemented in the current fiscal year and did not impact the City.

GASB Statement No. 79, *“Certain External Investment Pools and Pool Participants”*, was required to be implemented in the current fiscal year, except for certain provisions on portfolio quality, custodial credit risk, and shadow pricing, and is effective for periods beginning after December 15, 2015, and did not impact the City.

GASB Statement No. 82, *“Pension Issues an Amendment of GASB Statement No. 67, No. 68 and No. 73”*, changed the measurement of covered payroll reported in required supplementary information and has been early implemented.

Pending Accounting Standards:

GASB has issued the following statements, which may impact the City’s financial reporting requirements in the future:

- GASB 73 - *“Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68”*, contains provisions that address employer and governmental nonemployer contributing entities for pensions that are not within the scope of GASB 68, effective for periods beginning after June 15, 2016.
- GASB 74 - *“Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans”*, effective for periods beginning after June 15, 2016.
- GASB 75 - *“Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions”*, effective for periods beginning after June 15, 2017.
- GASB 77 - *“Tax Abatement Disclosure”*, effective for periods beginning after December 15, 2015.
- GASB 78 - *“Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans”*, effective for periods beginning after December 15, 2015.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

d. New Accounting Pronouncements (Continued):

Pending Accounting Standards (Continued):

- GASB 79 - “*Certain External Investment Pools and Pool Participants*”, contains certain provisions on portfolio quality, custodial credit risk, and shadow pricing, effective for periods beginning after December 15, 2015.
- GASB 80 - “*Blending Requirements for Certain Component Units*”, effective for periods beginning after June 15, 2016.
- GASB 81 - “*Irrevocable Split-Interest Agreements*”, effective for periods beginning after December 15, 2016.
- GASB 82 - “*Pension Issues*”, effective for periods beginning after June 15, 2016, except for certain provisions on selection of assumptions, which are effective in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017.

e. Cash and Investments:

Investments are reported in the accompanying statement of net position at fair value. Changes in fair value that occur during a fiscal year are recognized as *investment income* reported for that fiscal year. *Investment income* includes interest earnings and changes in fair value. The City pools cash and investments of all funds. Each fund’s share in this pool is displayed in the accompanying financial statements as *cash and investments*. Investment income earned by the pooled investments is allocated to the various funds based on each fund’s average cash and investment balance, except for investment income associated with funds not legally required to receive pooled investment income which has been assigned to and recorded as revenue of the General Fund.

f. Capital Assets:

Capital assets (including infrastructure) are recorded at cost where historical records are available and at an estimated original cost where no historical records exist. Contributed capital assets are valued at their estimated fair value at the date of acquisition. Generally, capital asset purchases in excess of \$5,000 are capitalized if they have an expected useful life of three years or more.

Capital assets include public domain (infrastructure) general capital assets consisting of certain improvements including roads, streets, sidewalks, medians, and storm drains.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

f. Capital Assets (Continued):

The City uses the straight-line depreciation method in the government-wide financial statements for depreciating storm drains, park equipment, buildings, vehicles, equipment and furniture and leasehold improvements. Depreciation is charged as an expense against operations, and accumulated depreciation is reported on the respective statement of net position. Depreciation begins on the first full year after the asset is placed in service.

The range of lives used for depreciation purposes for each capital asset class is as follows:

<u>Item</u>	<u>Useful Life</u>
Buildings and improvements	30 to 50 years
Vehicles	5 years
Equipment and furniture	5 to 15 years
Infrastructure:	
Pavement	40 years
Sidewalks	50 years
Curbs and gutters	50 years
Bridges	65 years
Hardscape	50 years
Medians	50 years
Parking lots	40 years
Traffic control devices	10 years

g. Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense) until that time. The City has the following items that qualify for reporting in this category:

- Deferred outflow related to pensions. This amount is equal to employer contributions made after the measurement date of the net pension liability.
- Deferred outflow related to pensions for differences between expected and actual experiences. This amount is amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the plans, which is 3.8 years.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

g. Deferred Outflows/Inflows of Resources (Continued):

The City has the following items that qualify for reporting in this category (continued):

- Deferred outflow related to pensions for the changes in proportion and differences between employer contributions and the proportionate share of contributions. This amount is amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the plans, which is 3.8 years.

In addition to liabilities, the statement of net position and the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category:

- Deferred inflows from unavailable revenues, which are reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source, which are grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Deferred inflow related to pensions resulting from the difference in projected and actual earnings on investments of the pension plans fiduciary net position. This amount is amortized over five years.
- Deferred inflows from pensions resulting from changes in assumptions. This amount is amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the plans, which is 3.8 years.

h. Prepaid Items:

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The City accounts for such items using the consumption method.

i. Compensated Absences:

An employee benefits payable liability is recorded for unused vacation and similar compensatory leave balances. The employees' entitlement to these balances is attributable to services already rendered, and it is probable that virtually all of these balances will be liquidated by either paid time off or payments upon termination or retirement.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

j. Net Position Flow Assumptions:

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the City's practice to consider restricted - net position to have been depleted before unrestricted - net position is applied.

k. Pensions:

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

l. Property Taxes:

Under California law, property taxes are assessed and collected by the counties up to 1 % of assessed value, plus other increases approved by the voters. The property taxes go into a pool and are then allocated to the cities based on complex formulas. Accordingly, the City recognizes as revenue only those taxes, which are received within 60 days after year-end.

The property tax calendar is as follows:

Lien Date:	January 1
Levy Date:	July 1
Due Date:	First Installment - November 1 Second Installment - February 1
Delinquent Date:	First Installment - December 10 Second Installment - April 10

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

m. Governmental Fund Balance Classifications:

Fund balances are reported in the fund financial statements in the following classifications:

Nonspendable - This classification includes amounts that cannot be spent because they are either (a) not in spendable form (such as prepaid items) or (b) legally or contractually required to be maintained intact.

Restricted - This classification includes amounts that can be spent only for specific purposes (such as grantors, bondholders and higher levels of government), stipulated by constitution, external resource providers or through enabling legislation.

Committed - This classification includes amounts that can be used only for specific purposes determined by a formal action of the governing board, which is the highest level of decision-making authority for the City. The City Council is the highest level of decision-making authority for the City that can, by adoption of or resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken to remove or revise the limitation.

Assigned - This classification includes amounts that are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has by resolution authorized the City Manager or City Manager designee to assign fund balance. The City Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned - This classification includes the residual balance for the government's general fund and includes all spendable amounts not contained in other classifications. In other funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

It is the City's policy to consider committed amounts as being reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

n. Use of Estimates:

The preparation of financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND INVESTMENTS:

Cash and Investments:

Cash and investments as of June 30, 2016, are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and investments	\$ 45,813,627
Statement of Fiduciary Net Position:	
Cash and investments	2,067,669
Cash and investments with fiscal agent	<u>1,340,658</u>
Total cash and investments	<u>\$ 49,221,954</u>

Cash and investments held by the City at June 30, 2016, consist of the following:

Petty cash	\$ 500
Demand deposits	45,944,775
Investments	<u>3,276,679</u>
Total cash and investments	<u>\$ 49,221,954</u>

Investments Authorized by the California Government Code and the City's Investment Policy:

Allowable investment instruments are defined in the California Government Code Section 53600, et seq., as amended. If the Code is further revised to allow additional investments or is changed regarding the limits on certain categories of investments, the City is authorized to conform to these changes, excluding those changes that may be prohibited by this policy. Where the Government Code specifies a percentage limitation for a particular category of investments, that percentage is applicable only at the date of purchase.

JPA Pools (other investment pools)	No	N/A	None	None
Passbook Accounts	Yes	N/A	None	None

* Based on state law requirements or investment policy requirements, whichever is more restrictive.

Investments of bond funds will be made in conformance with the trust indenture for each issue. Such investments shall be held separately when required.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

2. CASH AND INVESTMENTS (CONTINUED):

Investments Authorized by the California Government Code and the City's Investment Policy (Continued):

It is the City's intent, at the time of purchase, to hold all investments until maturity to ensure the return of all invested principal dollars; however, sales prior to maturity are permitted.

Investment maturities shall be based on a review of cash flow forecasts. Maturities will be scheduled to permit the City to meet all projected cash obligations.

A policy of laddered maturities will be followed for pooled investments. At least thirty-five percent (35%) of the portfolio will be invested in instruments maturing within one year from the investment date. No more than twenty-five percent (25%) of the entire portfolio may have a date between three (3) and five (5) years from the investment date. Investments having a maturity greater than five (5) years will not be made.

Maturities for investments of bond funds held separately will conform to the trust indenture for each issue.

The portfolio will be diversified to the extent feasible to avoid incurring unreasonable and avoidable risks regarding specific security types indicated in the City's investment policy, and with the exception of the U.S. Treasury/Federal Agency securities and authorized pools, no more than 10% of the City's portfolio will be placed with any single issuer.

Disclosures Relating to Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the year ended June 30, 2016

2. CASH AND INVESTMENTS (CONTINUED):

Disclosures Relating to Interest Rate Risk (Continued):

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

<u>Investment Type</u>	<u>Remaining Maturity 12 Months or Less</u>
Local Agency Investment Fund	\$ 1,936,021
Cash with Trustee:	
Money Market Mutual Funds	<u>1,340,658</u>
	<u>\$ 3,276,679</u>

Disclosures Relating to Credit Risk:

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and Standard & Poor's actual rating as of year-end for each investment type:

<u>Investment Type</u>	<u>Minimum Legal Rating</u>	<u>Total as of June 30, 2016</u>	<u>AAA</u>	<u>Not Rated</u>
Local Agency Investment Fund	*	\$ 1,936,021	\$ -	\$ 1,936,021
Cash with Trustee:				
Money Market Mutual Funds	A	<u>1,340,658</u>	<u>1,340,658</u>	<u>-</u>
		<u>\$ 3,276,679</u>	<u>\$ 1,340,658</u>	<u>\$ 1,936,021</u>

* - The state investment pool does not offer an investment rating.

Concentration of Credit Risk:

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. During the fiscal year ended June 30, 2016, the City did not hold any investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 10% or more of total City investments.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the year ended June 30, 2016

2. CASH AND INVESTMENTS (CONTINUED):

Custodial Credit Risk:

Custodial credit risk for *deposits* is the risk that, in the *event* of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the *event* of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit).

The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the City's deposits by pledging first trust deed mortgage notes that have a value of 150% of the secured public deposits or letters of credit issued by the Federal Home Loan Bank of San Francisco that have a value of 105% of the secured public deposits. As of June 30, 2016, the City had deposits of \$45,204,351 with financial institutions in excess of federal depository insurance limits that were held in collateralized accounts.

Investment in State Investment Pool:

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

CITY OF GOLETA

For the year ended June 30, 2016

2. CASH AND INVESTMENTS (CONTINUED):

Fair Value Measurements:

The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the relative inputs used to measure the fair value of the investments. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The City's investments in LAIF and money market mutual funds are not subject to the fair value hierarchy.

3. INTERFUND BALANCES:

Current interfund balances at June 30, 2016, consisted of following:

<u>Due from Other Funds</u>	<u>Due to Other Funds</u>	<u>Amount</u>
General Fund	Federal Transportation Program	
	Special Revenue Fund	\$ 210,643
	Other Governmental Funds	<u>64,370</u>
		<u>\$ 275,013</u>

These are short-term borrowing from the General Fund for temporary cash shortfalls recorded in the Federal Transportation Program Special Revenue Fund and Other Governmental Funds.

4. INTERFUND TRANSFERS:

Interfund transfers at June 30, 2016, consist of the following:

<u>Fund Receiving Transfer</u>	<u>Fund Making Transfers</u>	<u>Amount</u>
General Fund (a)	Other Governmental Funds	\$ 31,280
GTIP Special Revenue Fund (b)	Other Governmental Funds	<u>1,292,419</u>
		<u>\$ 1,323,699</u>

(a) This transfer was made to reimburse the General Fund for staff time devoted to administration of the CDBG program.

(b) This transfer is to return excess funds transferred to the long-range management funds.

6. LONG-TERM LIABILITIES:

A summary of changes in long-term at June 30, 2016, is as follows:

	Beginning Balance <u>July 1, 2015</u>	<u>Additions</u>	<u>Deletions</u>	Ending Balance <u>June 30, 2016</u>	Due in One <u>Year</u>
Other Post-Employment Benefits					
(OPEB) liability (Note 13)	\$ 113,685	\$ 68,827	\$ (11,172)	\$ 171,340	\$ -
Claims and judgments payable (Note 10)	625,000	177,843	(120,542)	682,301	68,230
Compensated absences	<u>335,851</u>	<u>298,473</u>	<u>(256,709)</u>	<u>377,615</u>	<u>75,523</u>
Total long-term liabilities	<u>\$ 1,074,536</u>	<u>\$ 545,143</u>	<u>\$ (388,423)</u>	<u>\$ 1,231,256</u>	<u>\$ 143,753</u>

Claims and Judgments Payable:

When it is probable that a claim liability has been incurred at year-end, and the amount of the loss can be reasonably estimated, the City records the estimated loss, net of any insurance coverage under its self-insurance program (see Note 10). Claims and judgments payable are typically liquidated from the General Fund. The amount outstanding as of June 30, 2016, was \$682,301.

Under the City's self-insurance program, deposits to the California Joint Powers Insurance Authority (CAJPIA) are recorded as insurance expenditures when paid. Refunds of deposits from CAJPIA, based on favorable claims experience in prior years, are recorded as reductions of insurance expense when received (see Note 10).

Compensated Absences:

The City's policies relating to compensated absences are described in Note 1i. The liability in the amount of \$377,615 at June 30, 2016, is expected to be paid in future years from future resources. Compensated absences have typically been liquidated from the General Fund.

7. COMMITMENTS:

Revenue Neutrality Commitment to County of Santa Barbara - Mitigation Obligation:

After the City's incorporation on February 1, 2002, the County of Santa Barbara continues to have ongoing obligations to provide public services to the City and its residents. In order to insure that the effect of incorporation was neutral as to the County, the parties agreed to have the following allocations of tax revenues in perpetuity:

- 50% of property tax generated by property located within the City, which would otherwise accrue entirely to the City, is allocated to the County.
- 30% of the 1% retail sales tax revenues allocable to the City are allocated to the County.

8. OTHER COMMITMENTS:

Encumbrances:

All encumbrances are classified as either restricted or assigned fund balance in the General Fund or as restricted fund balance in the funds other than the General Fund.

Encumbrances as of June 30, 2016, are as follows:

Major Funds:	
General Fund	\$ 977,903
GTIP Special Revenue Fund	288,246
Park Development Impact Fees Special Revenue Fund	126,792
Federal Transportation Program Special Revenue Fund	555,311
Other Governmental Funds	<u>2,524,971</u>
Total Encumbrances	<u>\$ 4,473,223</u>

9. RETIREMENT PLANS:

a. General Information about the Pension Plans:

Plan Descriptions:

All qualified permanent and probationary employees are eligible to participate in the City's 2.0% at 55 (Tier I) and 2.0% at 62 (Tier III PEPRA) Miscellaneous Employee Pension Plans, cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by state statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

For the year ended June 30, 2016

9. RETIREMENT PLANS (CONTINUED):

a. General Information about the Pension Plans (Continued):

Benefits Provided:

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 to 62 with statutorily reduced benefits. All members are eligible for nonduty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustment for each plan is applied as specified by the California Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2016, are summarized as follows:

	Miscellaneous	
	Prior to January 1, 2013	On or After January 1, 2013
Hire date		
Benefit formula	2%@55	2%@62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 67	52 - 67
Monthly benefits, as a % of eligible compensation	1.426% to 2.418%	1.0% to 2.5%
Required employee contribution rates	7.000%	6.250%
Required employer contribution rates	8.512%	6.237%

Contributions:

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions for all Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2016

9. RETIREMENT PLANS (CONTINUED):

b. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions:

As of June 30, 2016, the City reported net pension liabilities for its proportionate share of the net pension liability of all Plans as follows:

	Proportionate Share of Net Pension Liability
	<u> </u>
Miscellaneous	<u>\$ 1,590,804</u>

The City's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2015, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014, and rolled forward to June 30, 2015, using standard update procedures. The City's proportionate share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The City's proportionate share of the net pension liability for all Plans as of June 30, 2015 and 2014, is as follows:

Proportion - June 30, 2014	0.06511%
Proportion - June 30, 2015	0.05799%
Change - Increase (Decrease)	-0.00712%

9. RETIREMENT PLANS (CONTINUED):

b. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued):

For the year ended June 30, 2016, the City recognized negative pension expense of \$131,679. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 491,157	\$ -
Differences between actual and expected experience	33,674	-
Change in assumptions	-	(318,585)
Change in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions	629,841	-
Net differences between projected and actual earnings on plan investments	-	(159,710)
Total	<u>\$ 1,154,672</u>	<u>\$ (478,295)</u>

In the year ending June 30, 2017, \$491,157 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2017	\$ 9,967
2018	5,449
2019	(34,345)
2020	204,149
2021	-
Thereafter	-

9. RETIREMENT PLANS (CONTINUED):

- b. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued):

Actuarial Assumptions:

The total pension liabilities in the June 30, 2014, actuarial valuations were determined using the following actuarial assumptions:

	<u>Miscellaneous</u>
Valuation Date	June 30, 2014
Measurement Date	June 30, 2015
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Payroll Growth	3.00%
Projected Salary Increase	(1)
Investment Rate of Return	7.5% (2)
Mortality	(3)

- (1) Depending on age, service, and type of employment.
 (2) Net of pension plan investment expenses, including inflation.
 (3) The probabilities of mortality are derived using CalPERS's membership data for all funds. The mortality table used was developed based on CalPERS's specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 Experience Study report.

All other actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality, and retirement rates. The Experience Study report can be obtained at the CalPERS website under Forms and Publications.

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

9. RETIREMENT PLANS (CONTINUED):

- b. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued):

Change of Assumptions:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014, measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015, measurement date is without reduction of pension plan administrative expense.

Discount Rate:

The discount rate used to measure the total pension liability was 7.65% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the Plans, the tests revealed the assets would not run out. Therefore, the current 7.65% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65% is applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained from the CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term returns, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of 1%.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:

The following presents the City's proportionate share of the net pension liability for all Plans calculated using the discount rate for each Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

1% Decrease	6.65%
Net Pension Liability	\$ 2,985,634
Current Discount Rate	7.65%
Net Pension Liability	\$ 1,590,804
1% Increase	8.65%
Net Pension Liability	\$ 439,211

Pension Plans Fiduciary Net Position:

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

- C. Payable to the Pension Plans:

The City had no outstanding amount of contributions to the pension plans required for the year ended June 30, 2016.

10. RISK MANAGEMENT:

Description of Self-Insurance Pool Pursuant to Joint Powers Agreement:

The City is a member of the California Joint Powers Insurance Authority (Authority). The Insurance Authority is composed of 116 California public entities and is organized under a joint powers agreement pursuant to California Government Code Section 6500 et. seq. The purpose of the Authority is to arrange and administer programs for the pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group purchased insurance for property and other lines of coverage. The California JPIA began covering claims of its members in 1978. Each member government has an elected official as its representative on the Board of Directors. The Board operates through a nine-member Executive Committee.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

10. RISK MANAGEMENT (CONTINUED):

Self-Insurance Programs of Authority:

Each member pays an annual contribution at the beginning of the coverage period. A retrospective adjustment is then conducted annually thereafter, for coverage years 2012-13 and prior. Retrospective adjustments are scheduled to continue indefinitely on coverage years 2012-13 and prior, until all claims incurred during those coverage years are closed, on a pool-wide basis. This subsequent cost re-allocation among members, based on actual claim development, can result in adjustments of either refunds or additional deposits required. Coverage years 2013-14 and forward are not subject to routine annual retrospective adjustment.

The total funding requirement for self-insurance programs is estimated using actuarial models and pre-funded through the annual contribution. Costs are allocated to individual agencies based on exposure (payroll) and experience (claims) relative to other members of the risk-sharing pool. Additional information regarding the cost allocation methodology is provided below.

Liability

In the liability program claims are pooled separately between police and general government exposures. (1) The payroll of each member is evaluated relative to the payroll of other members. A variable credibility factor is determined for each member, which establishes the weight applied to payroll and the weight applied to losses within the formula. (2) The first layer of losses includes incurred costs up to \$30,000 for each occurrence and is evaluated as a percentage of the pool's total incurred costs within the first layer. (3) The second layer of losses includes incurred costs from \$30,000 to \$750,000 for each occurrence and is evaluated as a percentage of the pool's total incurred costs within the second layer. (4) Incurred costs from \$750,000 to \$50 million, are distributed based on the outcome of cost allocation within the first and second loss layers.

For 2015-16 the Authority's pooled retention is \$2 million per occurrence, with reinsurance to \$20 million, and excess insurance to \$50 million. The Authority's reinsurance contracts are subject to the following additional pooled retentions: (a) \$2.5 million annual aggregate deductible in the \$3 million x/s \$2 million layer, and (b) \$3 million annual aggregate deductible in the \$5 million x/s \$10 million layer. There is a third annual aggregate deductible in the amount of \$2.5 million in the \$5 million x/s \$5 million layer, however it is fully covered under a separate policy and therefore not retained by the Authority.

The overall coverage limit for each member, including all layers of coverage, is \$50 million per occurrence. Costs of covered claims for subsidence losses have a sub-limit of \$30 million per occurrence.

10. RISK MANAGEMENT (CONTINUED):

Self-Insurance Programs of Authority (Continued):

Workers' Compensation

In the workers' compensation program claims are pooled separately between public safety (police and fire) and general government exposures. (1) The payroll of each member is evaluated relative to the payroll of other members. A variable credibility factor is determined for each member, which establishes the weight applied to payroll and the weight applied to losses within the formula. (2) The first layer of losses includes incurred costs up to \$50,000 for each occurrence and is evaluated as a percentage of the pool's total incurred costs within the first layer. (3) The second layer of losses includes incurred costs from \$50,000 to \$100,000 for each occurrence and is evaluated as a percentage of the pool's total incurred costs within the second layer. (4) Incurred costs from \$100,000 to statutory limits are distributed based on the outcome of cost allocation within the first and second loss layers.

For 2015-16 the Authority's pooled retention is \$2 million per occurrence, with reinsurance to statutory limits under California Workers' Compensation Law.

Employer's Liability losses are pooled among members to \$2 million. Coverage from \$2 million to \$5 million is purchased as part of a reinsurance policy, and Employer's Liability losses from \$5 million to \$10 million are pooled among members.

Purchased Insurance:

Pollution Legal Liability Insurance

The City participates in the pollution legal liability insurance program which is available through the Authority. The policy covers sudden and gradual pollution of scheduled property, streets, and storm drains owned by the City. Coverage is on a claims-made basis. There is a \$50,000 deductible. The Authority has a limit of \$50 million for the 3-year period from July 1, 2014 through July 1, 2017. Each member of the Authority has a \$10 million sub-limit during the 3-year term of the policy.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

10. RISK MANAGEMENT (CONTINUED):

Purchased Insurance (Continued):

Property Insurance

The City participates in the all-risk property protection program of the Authority. This insurance protection is underwritten by several insurance companies. City property is currently insured according to a schedule of covered property submitted by the City to the Authority. City property currently has all-risk property insurance protection in the amount of \$14,208,000. There is a \$5,000 deductible per occurrence except for non-emergency vehicle insurance which has a \$1,000 deductible. Premiums for the coverage are paid annually and are not subject to retrospective adjustments.

Crime Insurance

The City purchases crime insurance coverage in the amount of \$1,000,000 with a \$2,500 deductible. The fidelity coverage is provided through the Authority. Premiums are paid annually and are not subject to retrospective adjustments.

Fiscal Year	Beginning Balance	Current Year Claims and Changes in Estimates	Claims Payments	Ending Balance
2014-2015	\$ 193,951	\$ 470,581	\$ (39,532)	\$ 625,000
2015-2016	625,000	177,843	(120,542)	682,301

Adequacy of Protection:

During the past three fiscal years, none of the above programs of protection experienced settlements or judgments that exceeded pooled or insured coverage. There were also no significant reductions in pooled or insured liability coverage in 2015-16.

11. OPERATING LEASES:

On January 20, 2004, the City entered into an operating lease agreement to rent its current office suite. On October 31, 2006, the office lease was amended and provided for monthly rent of \$27,843 in addition to common area maintenance costs. The lease was amended a second time on March 8, 2010, providing for monthly rent starting at \$27,120 per month in addition to common area maintenance costs. On January 23, 2013, the lease was amended a third time to add expansion space starting February 1, 2013, with monthly rent starting at \$5,085 per month in addition to common area maintenance costs and the basic rent stated in the second amendment. The lease term for the expansion space is 36 months. The City has the option to renew the lease upon termination at December 31, 2019. Rental costs for the year ended June 30, 2016, were \$585,725.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

11. OPERATING LEASES (CONTINUED):

Minimum future rental payments under the operating leases as of June 30, 2016, are as follows (amounts do not include common area maintenance costs):

Fiscal Year <u>Ending</u>	Office Suite
2017	\$ 533,873
2018	543,845
2019	563,952
2020	<u>282,893</u>
	<u>\$ 1,924,563</u>

12. CONTINGENT LIABILITIES:

Various claims and suits have been filed against the City in the normal course of business. Although the outcome of these matters is not presently determinable in the opinion of legal counsel, the resolutions of these matters will not have a material adverse effect on the financial condition of the City.

13. OTHER POST-EMPLOYMENT BENEFITS (OPEB):

Plan Description:

The City provides postemployment health care benefits through the CalPERS health care program (PEMHCA) to eligible employees. The City pays the greater of \$133 per month or the PEMHCA minimum of \$122 for fiscal year 2015-2016. To be eligible for postretirement health benefits, employees must complete at least 5 years of continuous service and be a minimum of 55 years of age.

Funding Policy and Actuarial Methods and Assumptions:

The contribution requirements of plan members and the City are established and may be amended by the City, the City's City Council, and/or the employee associations. The City is currently funding this OPEB obligation on a pay-as-you-go basis. For the year ended June 30, 2016, the City paid \$11,172 in health care costs for its retirees. The plan does not require employee contributions.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

13. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

Annual OPEB Cost and Net OPEB Obligation:

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan made primarily by the General Fund, and changes in the City's net OPEB obligation to the Retiree Health Plan:

Annual required contribution	\$ 65,277
Interest on net OPEB obligation	7,390
Adjustment to annual required contribution	<u>(3,790)</u>
Annual OPEB cost (expense)	68,877
Actual contributions made	<u>(11,172)</u>
Increase in net OPEB obligation	57,655
Net OPEB Obligation - beginning of year	<u>113,685</u>
Net OPEB Obligation - end of year	<u>\$ 171,340</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows:

Fiscal Year <u>Ended</u>	Annual OPEB <u>Cost</u>	Percentage of Annual OPEB <u>Cost Contributed</u>	Net OPEB <u>Obligation</u>
6/30/14	\$ 65,227	12.23%	\$ 57,247
6/30/15	67,344	16.19%	113,685
6/30/16	68,877	17.01%	171,340

Funded Status and Funding Progress:

As of June 30, 2015, the first actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$333,405, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$333,405. The funded ratio (actuarial value of assets as a percentage of actuarial accrued liability) was 0%. The covered payroll (annual payroll of active employees covered by the plan) was \$4,128,277 and the ratio of the UAAL to the covered payroll was 8.1%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about rates of employee turnover, retirement, and mortality, as well as economic assumptions regarding claim costs per retiree, health care inflation, and interest rates. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision, as actual results are compared with past expectations and new estimates are made about the future.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

13. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the June 30, 2016, actuarial valuation, the entry projected unit credit cost method was used. The actuarial assumptions included an investment interest rate of 6.50% per annum (net of administrative expenses). The PEMHCA minimum was assumed to increase 4% annually after 2015. The UAAL is being amortized as a level percentage of projected payroll over 30 years on a closed basis commencing in fiscal year 2014. The remaining amortization period at June 30, 2016, was 28 years.

14. FUND BALANCE CLASSIFICATIONS:

Detail to committed fund balance classifications at June 30, 2016, is as follow:

<u>General Fund</u>	
Committed to:	
Contingency	\$ 8,141,182
Compensated absences	188,809
Capital equipment	470,728
Insurance risk management	200,000
Public facilities	3,110,000
Litigation defense	<u>300,000</u>
	<u>\$ 12,410,719</u>

General Fund Balance Policy:

The City adopted a fund balance policy identifying the following for committed fund balance of the general fund:

- Emergency contingencies equal to 33% of the general fund operating budget, less transfer to reserve for long-term debt
- Compensated absences reserve equal to 50% of outstanding leave balances at the end of each fiscal year.
- Capital equipment reserve equal to replacement cost of each vehicle and equipment owned by City, less the value of useful life remaining.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

14. FUND BALANCE CLASSIFICATIONS (CONTINUED):

General Fund Balance Policy:

- Risk management reserve for future liability exposure needs to be funded annually at \$25,000 until a maximum balance of \$200,000 is reached.
- Public Facilities reserve dedicated for purpose of acquiring a city-owned City Hall facility
- Litigation reserve equal to a combination of cost estimates for existing litigation and the City's fiscal constraints

15. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES:

Expenditures in Excess of Appropriations:

The following funds reported expenditures in excess of appropriations at June 30, 2016:

	<u>Final Budget</u>	<u>Actual</u>	<u>Variance with Final Budget</u>
Other Governmental Fund:			
Public Safety Special Revenue Fund	\$ 106,200	\$ 114,699	\$ (8,499)
Library Services Special Revenue Fund	250,477	262,170	(11,693)

Deficit Fund Balances:

The following funds reported deficit fund balances at June 30, 2016:

Major Fund:		
Federal Transportation Program Special Revenue Fund	\$	126,880
Other Governmental Fund:		
IRWMP Grant Special Revenue Fund		23,441

The deficit of \$126,880 in the Federal Transportation Program Special Revenue Fund will be eliminated by receipt of future revenues.

The deficit of \$23,441 in the IRWMP Grants Special Revenue Fund will be eliminated by receipt of future revenues.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES:

On June 29, 2011, Assembly Bills 1x 26 (the Dissolution Act) and 1x 27 was enacted as part of the fiscal year 2011-12 state budget package which dissolved Redevelopment.

On June 27, 2012, as part of the fiscal year 2012-13 state budget package, the Legislature passed and the Governor signed AB 1484, which made technical and substantive amendments to the Dissolution Act based on experience to date at the state and local level in implementing the Dissolution Act.

On September 22, 2015, as part of the fiscal year 2015-16 state budget package, the Legislature passed and the Governor signed SB 107, which made technical and substantive amendments to the existing Dissolution Act.

Under the Dissolution Act, each California redevelopment agency (each a Dissolved RDA) was dissolved as of February 1, 2012, and the sponsoring community that formed the Dissolved RDA, together with other designated entities, has initiated the process under the Dissolution Act to unwind the affairs of the Dissolved RDA. A Successor Agency was created for each Dissolved RDA, which is the sponsoring community of the Dissolved RDA unless it elected not to serve as the Successor Agency. On January 17, 2012, the City elected to serve as the Successor Agency of the former redevelopment agency in accordance with the Bill as part of City Resolution Number 12-04.

The Dissolution Act also created oversight boards that monitor the activities of the successor agencies. The roles of the successor agencies and oversight boards are to administer the wind-down of each Dissolved RDA, which includes making payments due on enforceable obligations, disposing of the assets (other than housing assets), and remitting the unencumbered balances of the Dissolved RDAs to the County Auditor-Controller for distribution to the affected taxing entities.

The Dissolution Act allowed the sponsoring community that formed the Dissolved RDA to elect to assume the housing functions and take over the certain housing assets of the Dissolved RDA. If the sponsoring community does not elect to become the Successor Housing Agency and assume the Dissolved RDA's housing functions, such housing functions and all related housing assets will be transferred to the local housing authority in the jurisdiction. AB 1484 modified and provided some clarifications on the treatment of housing assets under the Dissolution Act. The City elected on January 17, 2012, to serve as the Housing Successor Agency.

After the date of dissolution, the dissolved RDA did not have housing assets, obligations, and activities. All other assets, obligations, and activities of the Dissolved RDA have been transferred and are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The Dissolution Act and AB 1484 also establish roles for the County Auditor-Controller (CAC), the California Department of Finance (the DOF) and the California State Controller's office in the dissolution process and the satisfaction of enforceable obligations of the Dissolved RDAs.

The County Auditor-Controller is charged with establishing a Redevelopment Property Tax Trust Fund (the RPTTF) for each Successor Agency and depositing into the RPTTF for each six-month period the amount of property taxes that would have been redevelopment property tax increment had the Dissolved RDA not been dissolved. The deposit in the RPTTF fund is to be used to pay to the Successor Agency the amounts due on the Successor Agency's enforceable obligations for the upcoming six-month period.

The Successor Agency is required to prepare a recognized obligation payment schedule (the ROPS) approved by the oversight board setting forth the amounts due for enforceable obligations. The ROPS is submitted to the DOF for approval. The County Auditor-Controller will make payments to the Successor Agency from the RPTTF fund based on the ROPS amount approved by the DOF. The ROPS is prepared in advance for the enforceable obligations due.

The process of making RPTTF deposits to be used to pay enforceable obligations of the Dissolved RDA will continue until all enforceable obligations have been paid in full and all nonhousing assets of the Dissolved RDA have been liquidated.

As part of the dissolution process AB1484, required the Successor Agency to have due diligence reviews of both the low- and moderate-income housing funds and all other funds to be completed by October 15, 2012 and January 15, 2013, to compute the funds (cash) which were not needed by the Successor Agency to be retained to pay for existing enforceable obligations. These funds were to be remitted to the CAC after the DOF completed its review of the due diligence reviews. The Successor Agency remitted \$192,195 to the CAC on November 2, 2012, for the low- and moderate-income housing funds' due diligence review.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The due diligence review for all other funds was finalized with the final letter of determination issued by the DOF dated May 9, 2013. The review disallowed the following transfers:

- Transfer of bond proceeds in the amount of \$14,082,472 to the City. The DOF determined that the agreements supporting this transaction were entered into after June 27, 2011, and that the project on which the bond proceeds were expended has not been listed on the ROPS for the DOF's review to determine if an enforceable obligation exists. However, since these are bond funds, the DOF made no adjustments to the balance available to the affected taxing agencies. The DOF further noted that upon receiving Finding of Completion from the DOF, the Successor Agency will be allowed to use excess proceeds from bonds issued prior to December 31, 2010, for purposes for which the bonds were issued. Successor agencies are required to defease or repurchase on the open market for cancelation any bonds that cannot be used for the purpose they were issued or if they were issued after December 31, 2010. These bond proceeds requested for use were issued in March 2011.
- Transfer to the City in the amount of \$512,262 for capital projects pursuant to a 2009 cooperation agreement. The balance available to the affected taxing agencies was increased by this amount.
- Transfer to the City in the amount of \$3,530,624 for a cooperative agreement payment. The balance available to the affected taxing agencies was increased by this amount.

City management, in consultation with its legal counsel, did not agree with the DOF's decision and filed a lawsuit to contest the decision. The City did not return the bond proceeds to the Successor Agency and kept the proceeds in the General Fund. The City has already spent the bond proceeds for purposes that the bonds were issued for. The City also did not remit other transfers that were disallowed totaling \$4,042,886 to the CAC.

On November 20, 2016, the Court issued a final judgment denying the City's claims and entered a judgment in favor of the DOF. The City filed a notice of appeal challenging the ruling by the trial court. City management, in consultation with its legal counsel, believe that the City has a strong likelihood of prevailing on its claim that the transfer of \$14,082,472 in bond proceeds to the City from the former RDA pursuant to a 2011 bond indenture constituted an enforceable obligation that must be respected by the DOF under the dissolution law. The City also believe that it has a reasonable likelihood of prevailing on its claim that the 2010 loan agreement requiring a cash transfer of \$3,530,624 survives the dissolution law, thereby allowing the City to avoid remittance. If the City does not prevail in its lawsuit against the DOF, the City will have to return the funds to the Successor Agency and the Successor Agency will remit the appropriate amount to the CAC. This will result in a significant reduction in the fund balance of the General Fund.

The City has recorded a liability in the General Fund equal to disallowed transfer to the City in the amount of \$512,262.

CITY OF GOLETA

NOTES TO THE BASIC FINANCIAL STATEMENTS
(CONTINUED)

For the year ended June 30, 2016

16. RECENT CHANGES IN LEGISLATION AFFECTING CALIFORNIA REDEVELOPMENT AGENCIES (CONTINUED):

The State Controller of the State of California has been directed to review the propriety of any transfers of assets between the Dissolved RDA and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency.

17. SUCCESSOR AGENCY DISCLOSURES:

Land:

At June 30, 2016, the Successor Agency has land in the amount of \$1,122,649.

Long-Term Liabilities:

In accordance with the provisions of ABX1 26 (Bill) and the California Supreme Court's decision to uphold the Bill, the obligations of the former redevelopment agency became vested with the funds established for the Successor Agency upon the date of dissolution, February 1, 2012. Former tax increment revenues pledged to fund the debts of the former redevelopment agency will be distributed to the Successor Agency subject to the reapportionment of such revenues as provided by the Bill.

The debt of the Successor Agency as of June 30, 2016, is as follows:

	Beginning Balance <u>July 1, 2015</u>	<u>Additions</u>	<u>Deletions</u>	Ending Balance <u>June 30, 2016</u>	Due in One Year
Tax Allocation Bonds	\$ 15,230,000	\$ -	\$ (155,000)	\$ 15,075,000	\$ 165,000
Less deferred amount:					
Discount on bonds issued	<u>(220,713)</u>	<u>-</u>	<u>7,742</u>	<u>(212,971)</u>	<u>-</u>
Total long-term liabilities	<u>\$ 15,009,287</u>	<u>\$ -</u>	<u>\$ (147,258)</u>	<u>\$ 14,862,029</u>	<u>\$ 165,000</u>

Allocation Bonds 2011

As of February 1, 2012, the bonds were transferred to the Successor Agency of the Goleta Redevelopment Agency due to ABx1 26, which dissolved redevelopment agencies in the state of California as of January 1, 2012. The Successor Agency, a separate legal entity, is responsible for the repayment of the principal and interest of the outstanding bonds. Additions to the Successor Agency, in the form of property taxes, have been pledged for the repayment of enforceable obligations (which include the bonds). Since the Redevelopment Agency no longer exists, the bonds have been removed from the City's government-wide financial statements.

2020	195,000	1,143,013	1,338,013
2021	205,000	1,130,825	1,335,825
2022-2026	1,270,000	5,416,725	6,686,725
2027-2031	1,830,000	4,859,150	6,689,150
2032-2036	2,665,000	4,025,263	6,690,263
2037-2041	3,915,000	2,776,400	6,691,400
2042-2045	<u>4,470,000</u>	<u>882,600</u>	<u>5,352,600</u>
	15,075,000	23,725,514	38,800,514
Less deferred amounts:			
Discount on bonds issued	<u>(212,971)</u>	-	<u>(212,971)</u>
	<u>\$ 14,862,029</u>	<u>\$ 23,725,514</u>	<u>\$ 38,587,543</u>

18. RISKS AND UNCERTAINTIES:

Grants:

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

19. SUBSEQUENT EVENTS:

Events occurring after June 30, 2016, have been evaluated for possible adjustments to the financial statements or disclosure as of January 4, 2017, which is the date these financial statements were available to be issued.

BUDGETARY COMPARISON SCHEDULES

GENERAL FUND

The General Fund is the general operating fund of the City. The General Fund accounts for activities and services traditionally associated with governments such as police, which are financed primarily through tax-generated revenues and are not accounted for and reported in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects. The following funds have been classified as major funds:

GTIP - This fund is used to account for traffic development impact fees.

Park Development Impact Fees (DIF) - This fund is used to account for park development impact fees.

Federal Transportation Program - This fund is used to account for federal grant funds for transportation projects.

CITY OF GOLETA

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

For the year ended June 30, 2016

1. BUDGETARY ACCOUNTING:

The City Manager shall prepare and submit the proposed biennial budget to the City Council for its approval for all governmental funds. After reviewing the proposed budget and making such revisions as it may deem advisable, the City Council conducts a public meeting on the budget. After conclusion of the public meeting, the City Council shall further consider the proposed budget and make any revisions thereof it may deem necessary. The budget is then legally enacted by means of a budget resolution passed by the City Council. Upon final adoption, the budget shall be in effect for the ensuing fiscal years.

Expenditures are controlled at the department level. Transfers between funds require City Council authorization. Transfers within funds are to be authorized by the City Manager or Department Director.

Budgets are prepared in accordance with generally accepted accounting principles using the modified accrual basis of accounting.

Appropriations lapse at the end of the fiscal year unless they are designated as continuing appropriations by the City Manager or re-appropriated through the formal budget process.

Budgeted amounts are as originally adopted or as amended in accordance with prescribed procedures throughout the fiscal year.

SUPPLEMENTARY INFORMATION

OTHER GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects.

Gas Tax - This fund is used to account for the City's share of the motor vehicle gas tax imposed under the provisions of the Street and Highway Code of the State of California under Sections 2105, 2106, 2107 and 2107.5, which are legally restricted for the acquisition, construction, improvement, and maintenance of public streets.

Transportation - This fund is used to account for public transportation funding derived from a portion of the retail sales tax collected statewide.

Measure A - This fund is used to account for funds received from a one-half cent sales tax levied by the Santa Barbara County Association of Governments. The proceeds are restricted to transportation uses. Measure A was approved by the voters of Santa Barbara County by an election held on November 4, 2008.

Measure A Grants - This fund is used to account for grant funds awarded to the City by the Santa Barbara County Association of Governments. These funds are derived from Measure A funding and are awarded for specific transportation related projects.

Solid Waste Program - This fund is used to account for receipts and expenditures relating to the City's solid waste program.

Public Safety Donations - This fund is used to account for revenue received for public safety at the Market Place Shopping Center.

Public Administration Facilities DIF - This fund is used to account for public administration facilities development impact fees.

Library Facilities DIF - This fund is used to account for library facilities development impact fees.

Sheriff Facilities DIF - This fund is used to account for public safety facilities development impact fees.

Housing In-Lieu - This fund is used to account for receipts and expenditures of the City's affordable housing programs.

Environmental Programs - This fund is used to account for receipts and expenditures relating to the City's environmental mitigation programs.

Fire Facilities DIF - This fund is used to account for fire facilities development impact fees.

OTHER GOVERNMENTAL FUNDS
(CONTINUED)

SPECIAL REVENUE FUNDS (CONTINUED)

Long Range Development Plan - This fund is used to account for traffic infrastructure funding from University of California, Santa Barbara.

Public Safety - This fund is used to account for state funds under the Citizen Options for Public Safety (COPS) grant program.

Solid Waste Recycling - This fund is used to account for receipts and expenditures relating to the City's solid waste recycling program.

RSTP State Grant - This fund is used to account for state and federal grant funds to local governments for use in transit and highway projects, including street and road projects.

Comstock Plover Endowment - This fund is used to account for development related funds for use in environmental mitigation programs.

Miscellaneous Grants - This fund is used to account for state grant funds to local governments for use in various City projects.

Local STIP - This fund is used to account for state grant funds to local governments for use in transit and highway projects, including street and road projects.

IRWMP Grant - This fund is used to account for San Jose Creek Capacity CIP improvements.

Developer Agreement - This fund is used to account for developer agreement funds for use in agreed upon projects with the City and developer.

CDBG - This fund is used to account for revenues and expenditures related to the Community Development Block Grant program. These funds are received from the Federal Department of Housing and Urban Development and must be expended exclusively on programs for low and moderate income individuals/families.

HSIP - This fund is used to account for improvements for Hollister and Goleta Valley Center Community Center Crosswalk.

Library Services - This fund is used to account for proceeds of Measure L, which authorized a special tax to fund services at the Goleta Library.

Street Lighting - This fund is used to account for proceeds from a special benefit assessment to fund street lighting.

AGENCY FUND

The City established the Developer Deposits Fund as a fund to account for deposits advanced to the City to fund development related services provided by the City's Community Development Department. Since monies in this fund are considered liabilities until expended, the Agency funds are omitted from the government-wide financial statements.

DESCRIPTION OF STATISTICAL SECTION CONTENTS

June 30, 2016

This part of the City of Goleta's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents:	<u>Pages</u>
<u>Financial Trends</u> - these schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	120 - 127
<u>Revenue Capacity</u> - these schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	128 - 135
<u>Debt Capacity</u> - these schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	136 - 139
<u>Demographic and Economic Information</u> - these schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	140 - 141
<u>Operating Information</u> - these schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	142 - 145

Source: unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note:

In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values of the Debt Service payment of Goleta Unified School District, Santa Barbara High School District, and Santa Barbara City College.

(A) Effective February 1, 2012, the Redevelopment Agency was dissolved. See Notes 16 and 17.

Notes:

- (1) In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.
- (2) Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.
- (3) City's Share of 1% Levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City. ERAF general fund tax shifts may not be included in tax ratio figures.
- (4) Redevelopment Rate is based on the largest RDA tax rate area and only includes rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment for the State of California for the fiscal year 2012-13 and years thereafter.
- (5) Total Direct Rate is the weighted average of all individual direct rate applied to by the government preparing the statistical section information and excludes revenue derived from aircraft. Beginning in fiscal year 2013-14 the Total Direct Rate no longer includes revenue generated from the former redevelopment tax rate areas. Challenges to recognized enforceable obligations are assumed to have been resolved during fiscal year 2012-13. For the purposes of this report, residual revenue is assumed to be distributed to the City in the same proportions as general fund revenue.

Total Net Overlapping Debt			\$ 52,019,380
 Gross Combined Total Debt			 \$ 52,338,507 (2)
Net Combined Total Debt			\$ 52,019,380

Ratios to 2015-2016 Assessed Valuations:

Direct Debt	0.00%
Total Direct and Overlapping Tax and Assessment Debt	0.56%
Gross Combined Total Debt	0.89%
Net Combined Total Debt	0.89%

Ratios to Redevelopment Successor Agency Incremental Valuation (\$602,212,494):

Total Overlapping Tax Increment Debt	2.72%
--------------------------------------	-------

Notes:

(1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.

(2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Total debt applicable to the limit as a percentage of debt limit	0.0%	0.0%	0.0%	0.0%

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located with the State.
