### **HAZARD INITIAL SITE ASSESSMENT SCREENING:**

Based on Section 17.32.030(A) of the Goleta Municipal Code, the Applicant must conduct an initial site assessment screening to determine the potential presence of hazards that would affect the development proposal. Potential hazards include earthquake hazard zones; areas subject to tsunami run-up; landslides; liquefaction; episodic and long-term shoreline retreat; high seas; ocean waves; storms; tidal scour; flooding; slopes averaging greater than 25%; unstable slopes; and flood hazard areas, including those areas potentially inundated by future sea level rise.

To assist with the assessment, please provide the following information (if additional space is needed please attach additional pages):

- a) Were any existing hazard reports prepared for the project and/or the existing development reviewed? Yes                      No

If yes, please list the date, title, and preparer(s) of the report(s) and the findings/recommendations that would be applicable to the project. Please include the report(s) with the initial application submittal:

---

---

---

- b) Were any resources map or aerials reviewed to make this initial site assessment?

Examples of potential resource maps to check include but are not limited to:

- FEMA flood maps (<https://msc.fema.gov/portal/home>);
- City of Goleta General Plan Maps ([https://www.cityofgoleta.org/city-hall/planning-and-environmental-review/general-plan](https://www.cityofgoleta.org/city-hall/planning-and-environmental-review/general-plan;));
- Coastal Hazard Vulnerability Assessment (<https://www.cityofgoleta.org/home/showdocument?id=11317>);

➤ California Department of Conservation  
(<https://www.conservation.ca.gov/cgs/shp>;  
<https://www.conservation.ca.gov/cgs/geohazards>;  
<https://www.conservation.ca.gov/cgs/shma> )

Yes

No

If yes, please list the document(s) and the date prepared/flown (if known) and if the resource document(s) denotes any hazard(s) on site or near the site:

---

---

---

c) Was a site inspection made? Yes No

If yes, please list the date of the inspection, name person, and any company affiliation, as necessary, and recommendations:

---

---

---

d) Please list what City hazard maps were used to determine the presence and/or or absence of hazards. (The absence of City mapping cannot alone be considered absence of hazard.)
