CONSENT CALENDAR
Meeting Date: April 7, 2009

TO: Mayor and Councilmembers

FROM: Dan Singer, City Manager

CONTACT: Steve Wagner, Community Services Director
Rosemarie Gaglione, CIP Manager

SUBJECT: Construction Contract for Hollister Avenue Sewer Improvements Project

RECOMMENDATION:

- A. Approve the design, plans and specifications for the project on file with the City.
- B. Find Lash Construction Inc. to be a responsible bidder and that Lash Construction Inc. submitted the lowest cost responsive bid.
- C. Authorize the City Manager to execute a contract with Lash Construction Company for the construction of the Hollister Avenue Sewer Improvements in an amount not to exceed \$122,796.25.
- D. Authorize Staff to issue change orders in an amount not to exceed \$12,000.

BACKGROUND:

The San Jose Creek Capacity Improvement and Fish Passage Project is scheduled to begin construction this summer. The existing sewer line that crosses over the San Jose Creek Flood Control Channel is suspended from a private temporary bridge at 5551 Hollister Avenue that will be removed for construction of the channel improvements. Sewer service must be maintained to the properties at 5551 Hollister Avenue and this requires the re-routing of a sewer lateral to Hollister Avenue in advance of the Creek Improvement Project.

DISCUSSION:

The existing temporary bridge must be removed for construction of the San Jose Creek Capacity Improvement and Fish Passage Project. The private sewer lateral that currently serves the properties at 5551 Hollister Avenue is suspended beneath that bridge. Because this bridge will be removed, the sewer lateral must be rerouted to a new connection to provide uninterrupted service.

This construction contract is for the termination of the existing sewer lateral and the installation of a new service lateral from the temporary bridge out to Hollister Avenue where it will connect to an existing sewer mainline at Ward Drive. The new sewer lateral and mainline will function under gravity flow.

Design plans and specifications are on file in the office of Rosemarie Gaglione, CIP Manager and are available for inspection. Council approval of the design and plans of the project is appropriate to secure immunity from liability based on the design.

A notice inviting bids for this project was published on March 3, 2009 in the Santa Barbara New Press and posted along with the bid package on the City’s web site and the Construction Bidboard through March 24, 2009.

Bids were opened on March 24, 2009. Ten (10) bids were received as follows:

Bidder	Total Bid
Blois Construction	\$282,930.00
Specialty Construction	\$266,675.00
R Baker	\$236,632.50
MGE Underground	\$194,520.00
Toro Construction	\$179,576.23
Shaw Construction	\$171,784.00
John Madonna Construction	\$171,130.50
Whitaker Construction	\$168,736.00
Tierra Contracting	\$132,406.18
Lash Construction Apparent Low Bidder	\$122,796.25

The Engineer’s Estimate was \$253,218.

ALTERNATIVES:

The Council may elect to not award the contract and not relocate the existing sewer line in which case the San Jose Creek Capacity Improvement and Fish Passage Project will be delayed. Delaying the project would eliminate the opportunity to seize upon a favorable construction bidding environment.

GOLETA STRATEGIC PLAN:

This Hollister Avenue Sewer Improvement Project is consistent with the goals in the Goleta Strategic Plan entitled “Emphasize Old Town Revitalization.” Specifically, this project is needed in order to construct the San Jose Creek Capacity Improvement and Fish Passage Project. Completion of this project will move the City closer to realizing its vision as defined within the City’s Strategic Plan.

FISCAL IMPACTS:

The approved FY 2008-2009 Budget includes sufficient funds for this project within the San Jose Creek Capacity Improvement and Fish Passage item. No additional appropriations will be required should the City Council approve the recommended action.
