ATTENTION: The meeting will be held in person and via the Zoom platform. The public may also view the meeting on Goleta Channel 19 and/or online at <https://cityofgoleta.org/goletameetings>.

NOTICE IS HEREBY GIVEN that the Goleta City Council will conduct a public hearing to consider adoption of Title 17 (Zoning) amendments related to objective design standards. The date, time, and location of the City Council public hearing are set forth below. The agenda for the hearing will also be posted on the City website (www.cityofgoleta.org).

HEARING DATE/TIME: Tuesday, November 1, 2022 at 5:30 P.M.

PLACE: Goleta City Hall, 130 Cremona Drive, Goleta, CA, 93117 and Teleconference Meeting; this meeting will be held in person and via Zoom (with detailed instructions for participation included on the posted agenda).

PROJECT LOCATION: The amended regulations would apply citywide, including all areas of the City within the Coastal Zone.

PROJECT DESCRIPTION: Senate Bill 35 (SB 35) requires a streamlined, ministerial approval process for qualifying multiple-unit and mixed-use development, consistent with objective design standards. In order for a proposed development to qualify for this streamlined, objective review, the project must satisfy an extensive list of criteria, such as affordability levels, labor standards, and conformance with objective General Plan and zoning standards. Currently, the City does not have a set of solely objective design standards to apply should a project qualify under SB 35. The proposed ordinance would establish such objective design standards within Title 17 (Zoning) of the Goleta Municipal Code (GMC) to address this need and includes procedures for the processing of projects that qualify for this type of review. A new Chapter 17.44 of the GMC is proposed that includes applicability and procedural standards as well as objective standards for site and building design, mixed-use development, and utilitarian elements. Definitions are also included, as are other associated amendments to Title 17.

PREVIOUS HEARING: The City's Planning Commission considered the ordinance at a recommendation hearing on September 12, 2022.

ENVIRONMENTAL REVIEW: The proposed Ordinance is not subject to the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of the CEQA Guidelines because the activity is covered by the general rule which exempts activities that can be seen with certainty to have no possibility for causing a significant effect on the environment because the amendments to Title 17 do not authorize construction of any building or structure but sets forth regulations that shall be followed. The proposed Ordinance is also exempt from CEQA pursuant to Section 15060(c)(3) of the CEQA Guidelines because the activity is not a "project" as defined in Section 15378(b)(5) as an organizational or administrative activity by government that will not result in direct or indirect physical changes in the environment.
