I am disgusted at the rampant over development in Goleta, why are all of you just accepting these mandates from the state?? Other cities have the backbone to say no! Find your spine or at least tell me who in the state “machine” should we contact with our grievance?? You ask for all the residents to cut back on water usage and then give it away to development, I’m sickened by the lack of courage of our elected representatives, looking forward to the next election cycle, don’t get too comfortable.

James Nuttall
