Mr.Imhof and MS Wells:

Prudence would dictate that you convince the city council to add 7780 Hollister and Viajero to the rezone sites.

As was said in the workshop, when projects come in they may not be 30 per acre. But if you lose the next round with the state,we are sure to have Builders Remedy, and then we might not need a planning department.

Of course, with what this is doing to some areas in Goleta, Builder's Remedy may not matter.

Richard Foster
