SUBJECT: Annual Adjustments for User Fees and Charges

RECOMMENDATION:

A. Conduct a Public Hearing on the Proposed User Fees and Charges; and

B. Adopt Resolution No. 23-__ entitled "A Resolution of the City Council of the City of Goleta, California, Rescinding Resolution No. 22-11, Approving and Adopting the FY 2023/2024 User Fees and Charges."

BACKGROUND:

The current User Fees and Charges are based on an updated Cost Allocation Plan (CAP) and Comprehensive User Fee Study (Fee Study) that was presented to the City Council on April 20, 2021. The CAP and Fee Study were prepared by staff and Willdan Financial Services (Willdan). Willdan provided a detailed presentation on the cost-of-service methodology and analysis used to determine the full cost of providing City services. Based on the study, staff and consultants then presented the updated FY 2021/22 User Fees and Charges schedule which included a 1.6% Consumer Price Index (CPI) adjustment. The City Council then adopted Resolution No. 21-13 adopting the updated FY 2021/22 User Fees and Charges, which took effect on July 1, 2021.

On August 17, 2021, City staff presented various cleanup items and updates that were identified during the implementation of the user fees into the permit tracking software. The City Council then adopted Resolution No. 21-37, amending Resolution 21-13, and approving the amended FY 2021/22 User Fees and Charges.

Most recently, a CPI increase of 3.8% was applied to the user fees on April 22, 2022, effective from July 1, 2022, for FY 2022/23, under resolution Resolution No. 22-11.

Meeting Date: December 5, 2023

DISCUSSION:

The purpose of this item is to update the city's user fees and charges schedule and recommend that the City Council adopt the updated fees for FY 2023/24, effective February 3, 2024. Typically, the City Council receives the annual user fee updates a few months before adopting the next fiscal year's budget. However, this year's update was delayed due to staff changes and workload and being recommended to the City Council at this time. Staff plan to get the annual update back on schedule this fiscal year.

User Fees and Charges Summary

A user fee is a payment made by an individual for a requested service that primarily benefits that individual. For the City, they are considered charges for services, such as planning related services or services related to other City regulatory permits such as City business licenses, whereby those receiving the services from the City are required to pay the costs rather than burdening the residents. State law precludes charging more than the cost of providing the service. The updated user fees are based on a cost analysis and fee study performed by Willdan Finance Services that was finalized in April 2021 and adjusted for a CPI increase. The fee study determined the full costs incurred by the City for providing services and examined whether a reasonable relationship existed between the costs of providing services and current service fees, while ensuring compliance with Proposition 26, Proposition 218, and other applicable statutory requirements. A copy of the fee study can be found on the City's website. It is recommended that annual updates are made to the user fees, to account for any description updates or reflect any changes to the fee schedule and also consider inflationary adjustments to keep up with full cost recovery.

Process of Updating City User Fees and Charges

Finance staff meets with each Department and discusses their user fees to confirm any minor updates to descriptions for transparency or updates to their fee schedule. Fee updates can include changes in process or activity involved in that fee type. Please note that the recommended rates are rounded to the nearest whole dollar, with the exception of rates that are currently in cents. In addition, for clarity of the recommended change in rates and new fees, Attachment 1 - Exhibit A displays a column with the current rates and recommended rates with effective dates. This column with the current rates will not be a part of the permanent Exhibit to the adopting resolution, or a part of the User Fees and Charges schedule that will be posted to the City's website. Should the proposed rates be approved, the fees are recommended to be effective February 3, 2024.

Proposed Updates to the City's User Fees and Charges Schedule

The following section summarizes the recommended user fee updates by Department and recommended CPI adjustment to applicable fees, to be effective February 3, 2024. The earliest effective date for development-related fees is 60 days following the adoption of the fee.

Finance and Administration:

Staff included updates to the cannabis business license regulatory fees to include a fixed fee related to cannabis business operators that request to modify their cannabis business license premise outside the annual renewal license period. This fee will be applicable to those licensed operators who would like to have a change made to their licensed premises prior to the annual renewal period. The fee has been calculated at full cost recovery for both consultant costs and staff time at the fully burdened hourly labor rate and includes reviewing the new site plan and premises diagram, security/video surveillance plan, and physical site inspection of the premise area.

Public Works:

The department has included a Consultant Permit Processing Fee, which will cover the cost related to consultant agreements for encroachment permit support services. The existing process is to set up a deposit account for a customer and use those funds to pay the consultant's invoices. Due to the administrative burden on the frequent, yet routine activity, the department is seeking a fixed fee to accomplish the same cost recovery. This fee is estimated at half an hour of the consultant's rate plus the 20% administrative fee as listed in the city's user fees and charges schedule.

User Fees Subject to CPI Adjustment:

Since 2010, the City's user fees and charges continued to be adjusted and adopted annually by the prior year change in the CPI for All Urban Consumers for the Los Angeles-Long Beach-Anaheim. In 2022 the annual CPI increased by 7.4%. Table 1 below summarizes the annual CPI history reported by the Bureau of Labor Statistics and includes the date the City's CPI fee adjustment became effective, and the corresponding fiscal year.

Table 1. Annual CPI for All Urban Consumers for the Los Angeles-Long Beach-Anaheim area (2012-2022)

Meeting Date: December 5, 2023

*CPI adjustment made cumulative as soon as it passed 3%. On May 15, 2018, City Council took action to consider annual CPI adjustment going forward.

A CPI adjustment to fees is a recommended best practice to ensure cost recovery keeps up with inflation. Furthermore, each year that transpires without modification of the rates to reflect the cost of doing business results in a loss of revenues that cannot be recovered retroactively and is therefore borne by the City's General Fund.

Staff has provided supplemental user fee schedules incorporating the 7.4% CPI increase. The schedule shows a side-by-side comparison and the potential changes to the fees if Council adopts the recommended user fees and the 7.4% CPI increase. These schedules are found in Attachment 1- Exhibit A.

It should be noted that not all user fees are recommended for CPI adjustment. This is due to fee limits per state mandates and local agreements with the County of Santa Barbara.

Public Notice Requirement

The user fees include both development and non-development fees. A public hearing is required for fee revisions. A public hearing notice was published in accordance with California Government Code section 6066 for a hearing at this December 5, 2023, regularly scheduled City Council meeting to adopt a resolution that confirms and updates the user fees and charges. The notice was published in the Santa Barbara Independent on November 22, 2023, and November 30, 2023. Additionally, it was made available for public review on the City's website.

Effective Date and Future Fee Updates

Staff is recommending an effective date of February 3, 2024, for all fees. This will enable staff sufficient time to update forms, applications, websites, and computer software as necessary for the fee updates.

The next annual user fee update is anticipated to be considered March 19, 2024, to be effective for July 1, 2024, for FY 2024/25.

It is recommended best practice that a comprehensive review of the cost of services and fees be performed every three to five years. The next Comprehensive User Fee Study and Full Cost Allocation Plan Update is anticipated to begin in FY 2024/25 and be reviewed with Council in FY 2025/26.

Annual Fee Adjustment Issues

The CAP and Use Fee Study were based on FY 2018/19 amended budgeted figures. Fees should be updated periodically to account for changes in costs and processes over time. The development and use of an annual fee increase mechanism normally provides a level of convenience and efficiency as staff does not have the time to recalculate cost recovery percentages on an annual basis and costs to have a consultant recalculate percentages can be prohibitive, yet the annual fee increase recovers some of the cost

increases. In order to ensure that the City receives appropriate fee increases that reflect the actual growth in cost, staff is recommending continued use of the current CPI factor which is the annual change in CPI of All Urban Consumers for the Los Angeles-Long Beach-Anaheim area, as produced by the U.S. Bureau of Labor Statistics. It should be noted though that other inflationary factors can be employed. Since the primary factor for the cost of a City's service is usually driven by the costs of personnel involved, trying an inflationary factor that connects more directly to personnel costs can be suitable if there is a clear method, or current practice of obtaining this type of factor. Staff will continue evaluating this in the future and will have future discussions with the Finance Committee.

Possible Fee Subsidies

It should be noted that new fee subsidies were not taken into consideration when preparing this update, except for the fee subsidies previously adopted by past City Council action through prior adoption of fees or through ordinance. Those fee subsidies include reduced rates for nonprofits such as with special event permits, or fees associated with processing sign permits for businesses located in the Old Town Heritage District, which were eliminated. There are also various exemptions of fees related to film permits per the Goleta Municipal Code Section 12.05.040, where the City issues permits for student films and non-profit organizations with fees waived upon proof of student or non-profit status and insurance. The final suggested fee amounts were determined by each of the departments, with most fees are set at or near 100% full cost recovery.

There are no true policy-based subsidies on the fees being recommended as the City does not have a formalized Cost Recovery Policy and Fee Establishment Policy specific to its user fees and charges. We have included these new policies as an upcoming work program item with an anticipated target date of implementation of March 2024, pending staff capacity and workload this upcoming fiscal year. Staff is still impacted with other competing priorities and will continue this work effort in FY 2023/24 and plans to bring back policies for review and approval in March 2024.

It is important for the City and public to understanding that subsidies must be covered by another revenue source, such as the General Fund. Therefore, the general taxpayer will potentially help to fund private benefits, and/or other City services will not receive funds that are otherwise directed to cover subsidies.

FINANCE COMMITTEE REVIEW:

The Finance Committee met to review the adjustments to the City's User Fees and Charges schedule on November 27, 2023.

FISCAL IMPACTS:

Approving the updated recommended user fees and charges discussed above will allow the City to aim towards full cost recovery. Actual cost recovery are dependent upon actual activity in requests for those services.

Meeting Date: December 5, 2023

It should be noted there are two fee types, including fixed or flat fees for services that do not vary greatly in staff time involved and deposit-based fees that allow for more precise accounting of costs on a project-by-project basis which helps ensure near 100% full cost recovery.

The fees that are deposit-based start with an initial deposit amount and charges are made when activity occurs. Depending on the activity relative to the deposit fee, additional deposits may be requested to ensure adequate funds are collected ahead of time before services are rendered. At the end of the service being provided, any unused deposit amount would then be refunded to the applicant.

Deposit-based fees are also the most staff time intensive as they require manual set up of accounts to track specific activity and user information, along with the process of refunding or billing an applicant.

In service activities that do not vary greatly in time, staff recommends flat fees. All user fees and charges in the study are at or near full cost.

Overall revenue increases are difficult to estimate, due to the change in activity levels from year to year, as well as pandemic impacts. At this time, staff projects the impacts to the fees could result in an increase of \$10,000 to \$100,000. Primarily, adopting these updated fees would help ensure the City is pursuing full cost recovery.

ALTERNATIVES:

The City Council could take no action, thereby maintaining the current user fees and charges, resulting in incorrect building and safety related permit fees, subsidizing fully burdened labor rates, and additional staff time to establish deposit amounts not formally adopted.

The City Council hereby adopts the full City of Goleta Comprehensive User Fees and Charges Schedule described in Exhibit "A" attached hereto and incorporated herein by this reference. The Fees imposed by this Resolution shall take effect on February 3, 2024 and are subject to a 7.40% CPI increase and supersede any prior fees or charges imposed by resolution or otherwise by the City Council, to the extent such prior fees or charges conflict herewith.

SECTION 3. Comprehensive Fee Resolution.

This resolution shall be known as the Comprehensive Fee Resolution.

SECTION 4. The City Council called a public hearing on December 5, 2023, for the purpose of receiving public comments to the proposed fees. Notice of the public hearing was given by publication in a newspaper of general circulation within the City once a week for two weeks commencing at least 10 days prior to the public hearing, with at least 5 days intervening between the first and last publication.
