

**HOLLISTER AVENUE FINAL ROADWAY ALIGNMENT**

**STATUS**

- Existing Road
- ↻ New Road / Pavement
- ↻ New Median / Roundabout
- ↻ New Sidewalk

*Note: Map illustration shows final roadway design / alignment*

Once completed, traffic on Hollister Avenue entering and exiting Highway 217, along with the intersection at Dearborn Place, will flow through a series of two traffic circles, eliminating the need for traffic signals. This new configuration helps reduce traffic speed and congestion, while increasing overall travel efficiency and pedestrian safety in the area.
