**Note:** Land uses are based on a 2005 land use survey and do not include approved but unbuilt projects as of the time of the survey.

**Note:** Vacant sites total 288.75 acres. Note that 27 of these acres are agriculture lands considered as potentially developable under the land use plan. These 27 acres of agriculture qualified as "vacant" during the land use inventory conducted in 2005 for the General Plan / Coastal Land Use Plan.
