

## Join us for a Community Work Day at Beautiful Lake Los Carneros!

**SATURDAY, JUNE 16 and THURSDAY, JUNE 21**  
**9:00-1:00**

Last year Channel Islands Restoration-led volunteers planted hundreds of native plants at Lake Los Carneros to provide habitat for birds and wildlife. There is still the need for an ongoing effort to see the native plants thrive by removing the non-native plants that inhibit the growth of the natives and planting new natives.

Snacks will be provided!!!

**IF YOU ARE GOING TO BE ATTENDING, PLEASE RSVP TO:**  
[volunteer@cirweb.org](mailto:volunteer@cirweb.org)  
**805-403-6510**

**Questions for City staff? Call Anne Wells at (805) 961-7557**
