HEARING DATE AND TIME: Monday, July 27, 2015 @ 6:00PM

**HEARING LOCATION: City of Goleta City Hall

PROJECT DESCRIPTION SUMMARY: The Project requires approval of the following:

- A Development Plan to allow the construction of a 175-unit mixed-use complex comprised of 113 traditional townhomes, 28 mixed-use shopkeeper units, 34 live-work townhomes, 489 parking spaces, and a 1,644 sq. ft. community center for the complex. The Development Plan also requests modifications to setbacks and height limits, a Good Cause finding to allow an increase in building height limits and a reduction of required affordable housing from 20% to 15%;
- A Vesting Tentative Map that creates two lots (one for condominium purposes and one for stormwater purposes to be dedicated to the City);
- A Rezone from Resort/Visitor Serving Commercial (CV) to Old Town Residential/General Commercial (OT);
- A Final MND and Mitigation Monitoring and Reporting Program that analyze the impacts of the Development Plan, Vesting Tentative Map and Rezone;
- A General Plan Amendment to change the project site's land use designation under General Plan/Local Coastal Land Use Plan Figure 2-1 (the Land Use Map) from Visitor Commercial (C-VS) to Old Town Commercial (C-OT); and
- An Addendum to the General Plan FEIR that analyzes the impacts of the General Plan Amendment.

PROJECT LOCATION: The Project is located within the Inland area of the City of Goleta at an unaddressed parcel located west of Kellogg Way and Kellogg Avenue (also known as the "Page

Site”). The subject property is 12.31 acres in size with a land use designation of Visitor Commercial (C-VS) and is zoned Resort/Visitor Serving Commercial (CV). APN: 071-130-064 (formerly 071-130-023).

ENVIRONMENTAL REVIEW FINDINGS: The Final MND and Addendum for the General Plan Amendment have been prepared pursuant to the requirements of the California Environmental Quality Act (Public Resources Code §§ 21000, et seq., CEQA), the regulations promulgated thereunder (14 California Code of Regulations, §§ 15000, et seq., CEQA Guidelines), and the City’s Environmental Review Guidelines. The City of Goleta is acting as the Lead Agency.

The Final MND identifies and discusses potential impacts, mitigation measures, monitoring requirements, and residual impacts to identified subject areas. Potentially significant effects on the environment that can be mitigated to levels of less than significance are anticipated in the following areas: Aesthetics, Air Quality, Cultural Resources, Hydrology/Water Quality, Noise and Transportation/Traffic. No significant impacts have been identified resulting from this project.

The Addendum is appropriate pursuant to CEQA Guidelines § 15164 since only minor changes and additions to the General Plan FEIR are necessary to address the Project’s General Plan Amendment and no circumstances exist calling for the preparation of a subsequent or supplemental environmental impact report pursuant to CEQA Guidelines §§ 15162 and 15163.

CORTESE LIST: Further, the site is not listed on any hazardous waste facilities or disposal sites as enumerated under Government Code § 65962.5 (the “Cortese list”).
